ORGANIZATION.—Incorporated in Indiana March 7 1899. After acquiring the Citizens' Street RR. of Indianapolis and the City Railroad, made a contract with the City of Indianapolis agreeing to surrender the rights and franchises of both companies and accept a new franchise running only thirty-four years. The contract also provides that cash fares are not to exceed five cents, with free transfers, and tickets are to be sold at the rate of six for twenty-five cents and twenty-five for one dollar.

The company also binds itself to pay over to the city (which is to expend it on the public works) the sum of $30,000 yearly from 1899 to 1925, and $50,000 yearly from 1926 to 1932, inclusive, the contract expiring in 1933—see V. 68, page 723. The city gets the right to purchase the property "at any time within two years and not later than one year before the expiration of this contract"—nothing to be paid for the value of the franchise. Law sustained May 1902. V. 74, p. 936.

As to the three-cent fare case, which the U. S. Court of Appeals decided in favor of the Citizens' Co. in Dec. 1897, see Supplement of Nov. 1898, and V. 64, p. 842, 1180; V. 65, p. 51, 181, 1172.

KANSAS CITY, MO.

KANSAS CITY RAILWAY & LIGHT CO.

ORGANIZATION.—Incorporated in 1903 in New Jersey and acquired the entire outstanding capital stock of the Metropolitan Street Railway of Kansas City and the Kansas City Electric Light Co. (Plan in V. 76, p. 1143.) Through Metropolitan Street Railway stock, the Kansas City Railway & Light Co. acquired the stock of the Central Electric Railway Co. and practically all of the stock of the Kansas City Elevated Railway Co., and, through the stock of the Kansas City Electric Light Co., it acquired the stock of the Edison Electric Light & Power Co. (of Kansas City), the Consolidated Electric Light & Power Co., the Standard Electric Light Co. and the Kansas City Electrical Wire Subway Company—except, of course, in each instance the qualification shares held by directors. Controls all the street railway, electric-lighting and power business in cities of Kansas City, Mo., and Kansas City, Kan.

Owns entire stock of the Kansas City & Westport Belt Ry. (a steam road, since converted to electricity), which on June 16 1906 absorbed the

Interurban South Side Ry., both having perpetual charters and being organized under the General Railroad Law of Missouri; also acquired capital stock of the Kansas City Heating Co., having a franchise which expires in 1935. This last distributes steam in the business centre of the city.

Street Railway Franchises.—The franchises of the railway lines in Kansas City, Mo., in which city the greater part of system is located, were revised and confirmed in July 1902 and franchises granted for extensions and valuable trackage rights in newly populated portions of the shopping and delivery districts, all of which franchises are operative to the uniform date of June 1 1925. The railway franchises in Kansas City, Kan., in Dec. 1902 were renewed, and authority was given to build extensions, all for the maximum period for which the city had power to grant the same, namely to Dec. 19 1922. By the terms of the franchises the rate of fare is definitely fixed at 5 cents, transfer privileges are provided, and the taxes practically limited to 8% of the annual gross receipts.

Electric Light Franchise.—The franchise of the Kansas City Electric Light Co. is perpetual.

Receivership.—On June 3 1911 Federal Judge W. C. Hook appointed Robt. J. Dunham (Ch. of K. C. Ry. & Lt. board of directors) of Chic. and Ford F. Harvey of Kansas City receivers for the Metropolitan St. Ry. Central Elec. Ry. and Kansas City Elev. Ry. (V. 92, p. 1564). It is stated that receivers were appointed at the instance of bankers to conserve the property until satisfactory franchise relations with the city can be effected. No defaults have occurred. V. 93, p. 1191. See formal statement by R. J. Dunham and bankers' circular in V. 92, p. 1565. A protective committee has been formed calling for deposits of Metropolitan bonds. V. 92, p. 1565. On June 14 1912 suit was brought to foreclose the Met. St. Ry. cons. mtge. V. 94, p. 1627. In view of the foreclosure proceedings, a stockholders' committee has been formed with Cont. & Comm. Tr. & Sav. Bank, Chicago, depositary. V. 95, p. 176,236. See that committee's circular in V. 95, p. 297. A noteholders' protective committee has also been formed (C. M. Travis, 24 Broad St., N. Y., Sec., and New York Trust Co., depositary; Old Colony Trust Co., Boston, agent of depositary) calling for deposit of Kansas City Ry. & Lt. 6% notes. V. 95, p. 420, 752. Interest on these notes was paid Sept. 1 1912. V. 95, p. 618. See letter from Mayor Jost, V. 95, p. 361. On June 15 1911 Judge Hook in the United States Circuit Court authorized the receivers to pay prin. & int. of obligations of Metrop. St. Ry. maturing in 1911 to the amount of $984,640 from earnings of company, provided it would not unduly hamper operation of road. See V. 92, p. 1701. The city in Sept. 1911 having petitioned Judge Hook to require company to live up to its franchise obligations, Special Master Brumbach on Nov. 24 1911 reported that $8,274,800 would be required, provided it should be determined by law that the city has the right to enforce such requirements. See V. 93, p. 1532.

MINNEAPOLIS, MINN.

TWIN CITY RAPID TRANSIT.—An electric road.

ORGANIZATION.—Organized under the laws of the State of New Jersey June 3 1891 and by virtue of its stock ownership of the underlying companies (to wit, The Minneapolis Street Railway Co., The St. Paul City Railway Co., the Minneapolis Lyndale & Minnetonka Railway Co. and the Minneapolis & St. Paul Suburban) controls the entire street railway system of Minneapolis, St. Paul, Stillwater, and lines to Excelsior, Tonka Bay and Deephaven at Lake Minnetonka. In 1906 absorbed the North Side Street Ry. (Robbinsdale line) and the St. Louis Park line; V. 83, p. 1472. In 1905 articles of incorporation were amended so as to make the charter perpetual. V. 80, p. 1914.

Franchise and Fares.—Mayor Haynes of Minneapolis on Feb. 18 1907 signed an ordinance requiring street railways to sell six fares for 25 cents. V. 84, p. 451, 509. On Aug. 24 1907, however, Judge Lochren of the U. S. Circuit Court granted a permanent injunction against enforcing the ordinance (see V. 85, p. 532). On Jan. 3 1910 U. S. Supreme Court affirmed the decision of Judge Lochren. This decision sustains the company's claim to a 50-year franchise from July 1 1873, with the right to charge 5-cent fares. V. 90, p. 111.

Settlement with City of St. Paul.—For decision as to right to build new lines in St. Paul, see V. 79, p. 271, 2087, and for settlement with City of St. Paul by which the city relinquishes its right of appeal from this decision and the company agrees to pay into the city treasury a gross earnings tax of 6%, see V. 80, p. 1175.

Decisions.—On April 21 1911 Judge Willard in U. S. Dist. Court at Minneapolis denied the application (V. 92, p. 1637) to restrain the enforcement of an ordinance directing the construction of 9½ miles of extensions.

New Subsidiaries.—Because of a decision of the Supreme Court holding that suburban lines, as railways, are amenable to the Minnesota 4% gross earnings tax, it was decided in Mch. 1910 to incorporate the Minneapolis & St. Paul Suburban RR. ($1,000,000 stock, increased to $3,000,000 in Jan. 1911; debt limit was also increased to $10,000,000; V. 92, p. 187), the Minnetonka & White Bear Navigation Co. ($250,000 stock) and the Rapid Transit Real Estate Corp., $15,000 stock, and to rearrange matters so that the suburban lines, the steamer lines and the hotels, parks, &c., of the company might be handled separately for taxation and accounting purposes. V. 90, p. 850.

NEW HAVEN, CONN.

NEW YORK NEW HAVEN & HARTFORD RY. (Trolley lines).

The New York New Haven & Hartford's interests in trolley lines is very extensive, and control originally was held through three organizations, the Connecticut lines having been comprised in the Consolidated Ry. Co., now merged in the New Haven, the Massachusetts street ry. properties (except as noted below) being held by the New Eng. Invest. & Secur. Co. and the Rhode Island lines by the Providence Securities Co., which latter has since passed to the New England Navigation Co. But, owing to the adverse Court decision noted below, the New Haven company severed direct connection with the Massachusetts trolley lines. In a statement made to the Massachusetts Legislature in Feb. 1909 (V. 88, p. 506) it was announced that the New England Navigation Co. had acquired by purchase

the common shares actually issued of the New England Investment & Security Co. and that the indebtedness of the latter was also held by the Navigation Co. Furthermore, that the latter had sold the shares of the New England Investment & Security Co. so acquired to individuals for cash. In the New Haven annual report for 1908-09 Pres. Mellen stated that the stocks and indebtedness of the Worcester & Webster Street Ry. and of the Webster & Dudley Street Ry. had also been disposed of, "thus closing out the last financial interest of your company in Massachusetts street railways."

Conflicting Decisions Rendered.—The Supreme Judicial Court on May 8 1908 decided that the New York New Haven & Hartford RR., in securing control of Massachusetts street railways, was transgressing the law (see V. 86, p. 1235, 1285), and on June 23 1908 Court issued its decree prohibiting New Haven road from exercising any ownership over same directly or indirectly after July 1 1909. V. 86, p. 1590. On March 2 1909 full bench of Mass. Supreme Court affirmed this decree. V. 88, p. 625. On Jan. 29 1912 Attorney-Gen. Swift of Mass. reported to the Senate that in his opinion the company had complied with the decree. V. 93, p. 351. On May 22 1908 the Federal government began an action against the New York New Haven & Hartford, asserting that the acquisition of the trolley lines in the various States, as well as the Boston & Maine, was in violation of the Sherman Anti-Trust Law (V. 86, p. 1285), but in June 1909 Attorney-General Wickersham announced the abandonment of the suit. V. 88, p. 1621.

On Dec. 8 1911, however, it being thought that public sentiment was favorable to the measure, the New England Investment & Security Co., with the approval of the N. Y. N. H. & H. RR., filed a petition asking for an Act providing either (1) the New Haven to purchase outright the assets of the Security Co. or (2) the formation of a new company to take over the various properties of the New Eng. Inv. & Sec. Co., the New Haven to own stock, bonds and other securities issued by corporation so organized, and to guar. divs. and liquidation value of such stock and the prin. and int. on such bonds or other obligations. See V. 93, p. 1669, 1788. On the same date another petition was filed, signed by the Selectmen of various towns in Western Mass., asking for legislation permitting the Berkshire St. Ry. to buy or consolidate with the Springfield St. Ry. on condition that the two systems be connected. V. 93, p. 1669. The former road had previously been purchased in July 1910 by the N. Y. N. H. & H. from the New Eng. Invest. & Secur. under an Act of Mass. Legislature passed in June 1910. V. 90, p. 1612; V. 91, p. 154. On June 8 1912 Gov. Foss vetoed a bill introduced in Mass. Legislature in Jan. 1912 authorizing the N. Y. N. H. & H. to own all the common stock of a new company (Worcester Springfield & Berkshire St. Ry.), which was to take over, consolidate and operate all street railways at present controlled by New England Invest. & Sec. Co. and Berkshire St. Ry. The House passed the measure over the veto, but the Senate failed of the necessary two-thirds by vote of 23 to 16. See V. 94, p. 1627, 208, and under New England Investment & Security Co. on subsequent page.

The operation of the New Haven's trolley properties is now vested in the following companies:

Berkshire Street Ry.	N. Y. Westch. & Bost.
Connecticut Company.	Rhode Island Co.
New York & Stamford Ry.	Westchester Street Ry.

CONNECTICUT COMPANY.

This is the company which operates the trolley lines in Connecticut controlled by the N. Y. N. H. & H. and which formerly were comprised in the Consolidated Railway Co. The latter company, the whole of whose $10,000,000 stock was owned by the N. Y. N. H. & H. RR. Co., was on May 31 1907 (after it had previously taken over the New Eng. Nav. Co. at a valuation of $20,000,000 and increased its stock to $30,000,000 for the purpose) consolidated with and merged into the New York New Haven & Hartford RR. The charter of the New Haven Co. was amended by Act of the Connecticut Legislature, approved March 26 1907, so as to permit the merger, and new stock of the New Haven Co. was issued, share for share, to represent the $30,000,000 stock of the Consolidated Railway Co.; V. 84, p. 1052, 1308. It was distinctly provided that the rights, powers and franchises of both companies should be vested in the enlarged company.

ORGANIZATION.—Incorporated in Connecticut. Stock, $40,000,000 all owned by N. Y. N. H. & H. June 1 1907 began operating the lines comprising the Consolidated Ry. (merged in 1907 in the N. Y. N. H. & H.) Feb. 28 1910 purchased substantially all the various street railway properties of the N. Y. N. H. & H.

On Mch. 1 1910 all the gas, water and electric-light properties formerly operated by the Connecticut Co. were transferred to the Housatonic Pow. Co., which company increased its stock from $1,000,000 to $3,000,000, to pay for the acquisitions. On Jan. 1 1912, however, the Housatonic Pow. Co. was taken over under a sub-lease for 994 years dated Oct. 1 1911, by the United Elec. Lt. & Water Co. V. 94, p. 71; V. 93, p. 1669.

Re-financing.—In Sept. 1910 arrangements were made for re-financing the Connecticut Co., whereby the N. Y. N. H. & H. will take care of its bonds as they mature, thus ultimately leaving the Connecticut Co. free from debt. V. 91, p. 870.

Bonds.—The Consolidated Ry. debentures are not subject to call All the debentures have printed on their face the statement that if a mortgage is made on any or all of the company's property which was owned on Jan. 1 1905, except to renew existing mortgages, the debentures shall participate in the security of such mortgage. The debentures due in 1930 bear 3% interest from Feb. 1 1905 for first 5 years, 3½ % for next 5 years, and 4% for following 15 years, and were issued to pay for acquiring the Berkshire Street Ry. (V. 80, p. 471), which company was subsequently acquired by the New England Investment & Security Co., then in turn re-acquired by the N. Y. N. H. & H. The $3,500,000 debentures due April 1 1955 were issued to acquire the Hartford Street Ry. The $10,000,000 debentures of Jan. 1906 were issued to the N. Y. N. H. & Hartford for advances.

The Winchester Avenue bonds are joint obligations of the Winchester Avenue RR. Co. and the New Haven & West Haven, and cover all property owned or to be hereafter acquired under the charters. Of the Worcester & Connecticut Eastern bonds, no more will be issued. A *sinking fund* on these bonds commenced in 1908 of not to exceed 1% of bonds outstanding. Bonds can not be called, but may be bought on a 3¾% basis or better, and kept alive for sinking fund. See V. 75, p. 1204. Of the Montville Street Ry. 1st mtge. gold bonds the balance unissued can only be issued for 66% of actual certified cost of improvements or additions to property. Original mortgage of the Montville Street Ry. provided that bonds might be called in 1905 at 105, but through a supplemental mortgage this redemption clause was eliminated, so bonds are not now subject to call.

NEW ENGLAND INVESTMENT & SECURITY CO.

ORGANIZATION.—Is a voluntary association and was organized on June 25 1906 to take over the street railway properties in Massachusetts ormerly controlled by The Consolidated Railway Co. V. 83, p. 492

New Haven Road Directs Itself of Control.—In Feb. 1909 the N. Y. N. H. & H. announced to the Massachusetts Legislature (V. 88, p. 506) that it had disposed of all of its interest in the common shares of the N. E. Inv. & Sec. Co. for cash to individuals and that it no longer had any interest in the same, direct or indirect, see remarks concerning the matter under N. Y. N. H. & H. on a preceding page and V. 88, p. 915. In July 1909 Pres. Mellen of the N. Y. N. H. & H. wrote C. E. Mann, Clerk of Mass. RR. Comm., "this company is no longer directly or indirectly concerned in the control of any street railways in Massachusetts," thus complying with the Court decree that it must divest itself of all its holdings in street railways in Massachusetts by July 1 1909. See V 89, p. 163.

On July 1 1910 Mass. RR. Comm., having auth. the N. Y. N. H. & H. to purchase control of the Berkshire Street Ry., the N. E. Inv. & Sec. Co.'s interest in the same was transferred to that co. V. 90, p. 1612, V. 91, p. 157.

The company on Dec. 8 1911, with the approval of the N. Y. N. H. & H., filed a petition asking for an Act that will authorize the New Haven road either to purchase outright the securities of the Security Co., or to own control and guar securities of a merger company to be organized to take over the various properties. On June 8 1912 Gov. Foss vetoed a bill (see V. 94, p. 207) authorizing trustees of the New England Invest. & Secur. Co. to form a new corporation—Worcester Springfield & Berkshire St. Ry. Co.—to take over, consolidate and operate all street railways controlled by New England Invest. & Secur. Co. (incl. those controlled by Springfield Ry. and Worc. Rys. & Invest. Co.) and Berkshire St. Ry. The House passed the bill over the Governor's veto, but the Senate sustained the veto by vote of 23 to 16. V. 94, p. 1627. See under N. Y. N. H. & H. on preceding page. V. 93, p. 1669, 1788; V. 94, p. 207.

(1) The Street Railways comprise 643.45 miles of track, all operated (as a matter of convenience and economy) by the Pittsburgh Railways Co. (except the Beaver Valley Traction Co. and the Pittsburgh & Beaver St. Ry. Co., which are operated separately), and embrace the following properties:

The United Traction Company of Pittsburgh.
Consolidated Traction Company.
Monongahela Street Railway Company.
Pittsburgh & Birmingham Traction Company.
Pittsburgh Railways Company (formerly Southern Traction).
Pittsburgh & Charlerol Street Railway Company.
Allegheny Bellevue & Perrysville Ry. Compan .
Suburban Rapid Transit Street Railway Company.
East McKeesport Street Railway Company.

Allegheny County Light Company.
Monongahela Light & Power Company
Southern Heat Light & Power Company
Consolidated Gas Company.
South Side Gas Company.
Allegheny Illuminating Company.
Braddock Gas & Light Company.
Ohio Valley Electric Co.

The Consolidated Gas Company operates under a perpetual charter, and with the Allegheny Illuminating Company and the South Side Gas Company constitutes the only gas manufacturing companies in the city of Pittsburgh and the exclusive right to manufacture illuminating gas is vested in them.

In Feb. 1912 Duquesne Light Co. was purchased in interest of Phila. Co. V. 94, p. 560.

In July 1912 the Allegheny County Lt. Co. acquired control of the Pennsylvania Light & Pow. Co. V. 95, p. 298, 622.

(3) *Fuel Gas.*—Philadelphia Company, through its own lines and those of a number of companies controlled by it, supplies nearly all the fuel gas consumed in the cities of Pittsburgh and Allegheny and the manufacturing towns lying along the Monongahela and Allegheny rivers. Company controls by lease 580,606 acres of gas and oil lands in West Virginia and Western Pennsylvania. It controls through its ownership of the Fairmont & Grafton Gas Co. 16,611 acres, and through its majority ownership of the Equitable Gas Co. 779 acres of leasehold. The principal fuel gas companies controlled are:

The Philadelphia Company of West Virginia.
Chartiers Valley Gas Company.

Stock.—Stock authorized was increased in February 1899 from $7,500,000 to $21,000,000, of which $6,000,000 was 5% non-cumulative preferred. The increase was made to acquire the stock of the Allegheny Co. Light Co., Chartiers Valley Gas Co. and the com. stock of the Consolidated Gas Co. also by exchange the United Traction stock. On Dec. 4 1901 stockholders authorized an increase to $36,000,000 through the issue of $15,000,000 additional common stock. The increase was mainly for the purpose of acquiring the shares of the Consolidated Traction Co. and the Southern Traction Co. V. 73, p. 1112. In Aug 1906 authorized common stock was further increased to $36,000,000, mainly to provide for the purchase of the Beaver Valley Traction Co. and Washington & Canonsburg Ry. V. 82, p. 1323. Stockholders in Sept. 1906 were offered the right to take $3,240,000 common stock at par. See V. 83, p. 492. In Dec. 1909 stockholders and holders of conv. debs. of 1909 were offered the right to take the remainder ($2,760,000) of the increase in com. stock authorized in Aug. 1906 at par. V. 89, p. 1545; V. 90, p. 303.

Shareholders voted July 22 1909 authorizing $5,000,000 additional common stock to provide for the convertible feature of convertible debentures authorized at the same time, but any shares not so used to be available for the general purposes of the company. V. 88, p. 1314; V. 89, p. 225.

Shareholders voted April 4 1911 authorizing $1,400,000 5% 2-yr. notes, conv., $ for $, at option of holder, into com. stock, and to increase auth. com. stock from $41,000,000 to $42,400,000, such increase to provide for exchange of conv. notes. V. 92, p. 262, 957.

On Aug. 29 1912 shareholders voted to authorize $25,000,000 ($50) 6% cum. pref. stock and $10,000,000 conv. debentures. Of the new stock, $6,000,000 is reserved for exchange of existing pref. stock (upon payment of a substantial cash bonus, it is understood), and $10,000,000 for conversion of convertible debentures. The remaining $9,000,000 will be reserved for future requirements. See financial plan in V. 94, p. 417, 488, also V. 94, p. 560. It is understood that none of this new pref stock will be issued at present, except to take up existing issues of pref.

The Phila.Co.in Jan.1908 offered to guarantee 4% per an. from Aug. 1 1907 on the $2,000,000 pref. stock of Consol. Gas Co. (entitled to 6% cum.), provided additional earnings be divided equally between the two classes of stock but pref. not to receive more than 6%, in any event. Holders of 75% of the $2,000,000 pref. stock having agreed to the proposition, the plan was a success. V. 86, p. 54, 605.

Bonds.—Of the $6,500,000 bonds of 1899 (mortgage trustee, Maryland Trust Co.), $4,000,000 was issued at once in part payment for the stock of the Allegheny County Light and Chartiers Valley Gas Co., and $1,000,000 were originally reserved to retire the $1,000,000 bonds of Allegheny Co. Lt. (since retired) and East End Elec. bonds; $12,000 East End bonds have been exchanged. The balance, $1,500,000, was expended for improvements and additions. The bonds were in Oct. 1899 listed on the Philadelphia Stock Exchange, and are also listed on the Pittsburgh Stock Exchange. The Philadelphia Company stock has been listed on the New York Stock Exchange since October 1886, and is also listed on the Phila. Exchange. See application to the N. Y. Stock Exchange in V. 70, p 1198, and also in "Chronicle" of Feb. 22 1902. In Mch. 1911 stock was listed on the Paris Bourse. This was formerly the Southern Traction Co., but in accordance with the authority vested in it by the terms of its charter, the directors of the Southern Traction Co. on Dec. 30 1901 voted to change the name of the company to the Pittsburgh Railways Co. The Philadelphia Company had previously acquired all the stock, common and pref., of the Southern Traction, in accordance with terms in V. 73, p. 1112.

See V. 90, p. 1677. In July 1911, however, the Superior Court at Phila. affirmed the decision of Judge Frazier in Oct. 1910 (V. 91, p. 1328) holding that city cannot enforce the foregoing ordinance. V. 93, p. 164.

Over-crowding Ordinance.—On Feb. 7 1911 Common Pleas Court No. 1 handed down a decision restraining city from entering or prosecuting any suit upon so-called over-crowding ordinance, enacted July 30 1910. V. 92 p. 463.

NEW YORK STATE RAILWAYS —*See Map on page* 112.—Of the com. stock, $13,604,300 (also $600 pref.) owned by N. Y. Cent. & H. R. RR.

ORGANIZATION.—Incorporated in New York on March 22 1909 as a consolidation of the Rochester Ry. Co., the Rochester & Sodus Bay Ry. Co. and the Roch. & Eastern Rapid Ry. Co., as per plan V. 88, p. 53, 823, 945.

The Rochester Railway was a consolidation of the Rochester City & Brighton RR., the Cross-Town RR. and the South Park RR., and leased the Rochester Electric Ry. from July 1 1894 for 50 years, at a rental of 8% on $200,000 stock, and whenever gross receipts exceed $55,000, one-quarter of such excess; also leased the Rochester & Suburban Ry. (Summerville Division.)

On Mch. 10 1910 Pub. Ser. Comm. authorized an increase in stock from $23,140,200 to $23,860,200 to be used to take over the Rochester & Suburban Ry. (stock $420,000), the Rochester Electric Ry. (stock $200,000) and the Ontario Light & Traction Co. (stock $100,000), which controls the Canandaigua Gas Light Co. See V. 90, p. 911, 1425. In Jan. 1912 applied to Public Service Comm., 2d Dist., for authority to increase stock to $25,362,500. V. 94, p. 68.

The following is a list of the stocks owned by the New York State Railways

The Rochester & Eastern Rapid Ry. Co., previous to consolidation, increased its stock from $1,500,000 to $15,290,200 and purchased from N. Y. C. & H. R. RR. Co. and Cent. Ry. Syndicate the stocks of the first four companies above, ownership of which is now vested in the N. Y. State Railways.

On July 3 1912 the Pub. Serv. Comm. authorized the company to execute a new 4½% first consol. and ref. 50-year mtge. for $50,000,000 (authorized by stockholders on August 24 1912) and to issue $6,670,566 of the bonds to refund $4,500,000 bonds of 1910 and to cover purchase of remaining Syracuse Rapid Transit Ry. com. and preferred stock not already owned, and to reimburse treasury for previous expenditures for Syracuse pref. stock. Commission also granted authority to purchase the 6 shares of Oneida Ry. stock not already owned. V. 95, p. 48; V. 94, p. 1384, 768.

Franchises in Rochester are practically perpetual and exclusive, with exception of a few extensions which run for 50 years.

Contract for Power.—Power for all lines is supplied under a long-term contract with the Roch. Ry. & Lt. Co., whose entire com. stock is owned by Mohawk Valley Co. (in turn owned by N. Y. C. & H. R. RR.). The Roch. Ry. & Lt. Co. has the following securities: Stock auth. and issued, $6,500,000 com. and $3,000,000 pref. Consol. M. 5s, dated 1904, auth., $16,000,000; issued, $9,401,000. See V. 92, p. 730. In Nov. 1911 Public Service Comm., 2d Dist., authorized the issuance of $1,998,000 additional consol. 5s to retire a like amount of Rochester Gas & Electric 5s, due Nov. 1 1912. V. 93, p. 1464. In addition to being a lien on property these consol. 5s are secured by deposit of $4,500,000 N. Y. State Rys. first consols. V. 92, p. 726. On March 16 1912, in a suit brought by the trustee of the Roch. Ry. & Lt. consol. mtge. (V. 93, p. 1789), the Supreme Court at Monroe County decided that the trustee has the right to release, at request of railroad company, part or all of the N. Y. State Rys. consols held as collateral, so that same may be sold for extensions, betterments and impts.

ST. LOUIS, MO.

UNITED RAILWAYS CO. OF ST. LOUIS.

Is controlled by North American Co. of New York.

ORGANIZATION.—Incorporated in Missouri on March 11 1898 as the Central Traction Co., but changed its name to above on July 10 1899. In July 1905 interests friendly to this company purchased the St. Louis St. Charles & Western RR. at foreclosure sale. In Oct. 1906 absorbed the St. Louis & Suburban Ry., giving its preferred stock, share for share, for the stock of that company. The United Rys. guarantees the $4,500,000 gen. mtge. bonds of the St. L. & Sub. Ry. See V. 83, p. 39; V. 84, p. 105.

The United Rys. Co. comprises all the street car lines in operation in St. Louis. *Franchise* in St. Louis expires April 12 1948. It was originally leased to the St. Louis Transit Co., but under a readjustment arranged in Oct. 1904 by Messrs. Brown Bros. & Co. (V. 79, p. 1333) the lease was canceled and the $17,264,300 stock of that company nearly all exchanged for voting trustees' certificates for common stock of the United Rys. Co. on the basis of $500 Transit stock for $200 voting trustees' certificates.

Under this plan, the $20,000,000 refund. and impt. mtge. bonds of the St. Louis Transit Co., of which $8,000,000 had been issued, were canceled, and in their place the same company issued $10,000,000 of 5% improvement bonds, guar. by the United Rys. Co. of St. Louis, this guaranty being secured by a mortgage on all of that company's property next in rank to that of its general mtge. These improvement bonds are now the only outstanding security of the Transit Co. Of this issue, $8,000,000 took the place of the $8,000,000 ref. and impr. bonds above mentioned, and the remaining $2,000,000 went to the syndicate as part consideration for $7,000,000 of cash which it provided for taking up at maturity on Nov. 1 1904 the $5,776,000 3-year collateral trust notes of the Transit Co., and for meeting the cost of street paving required on the part of the city, and other improvements.

Reported Re-financing.—See V. 94, p. 1250.

Tax Decision.—On Feb. 14 1910 the State Circuit Court at St. Louis overruled the demurrers of the company in 5 suits brought by the city to collect the 1-mill-per-passenger tax, holding that the tax is not oppressive or a double one because of franchise tax already imposed. V. 88, p. 744; V. 90, p. 504. Two of the cases have been tried and were decided in favor of the city. V. 94, p. 418. An appeal has been taken to the Supreme Court.

Compromise Ordinance Defeated.—In the summer of 1911 the compromise plan (V. 92, p. 727) settling sundry points at issue with the city, introduced in both branches of the St. Louis Municipal Assembly on Mch. 10 1911, was defeated.

GEARY STREET PARK & OCEAN RR.

On May 5 1912 was compelled to stop operation of road to make way for laying of track for new municipal road (see text below).

ORGANIZATION.—Incorporated Nov. 8 1878. *Franchise* expired in November 1903 and thereafter was operated by permission of city, paying it 5% of gross receipts. Road ceased operations on May 5 1907, refusing the demands of the street car union of $3 for eight hours' work. On Sept. 17 1907 road resumed operation under special authority by Mayor and Board of Supervisors upon payment of 10% of gross receipts monthly, the company reserving the right as to wages of employees. We are informed, however, that in the latter part of 1908 only 5% was paid, and that this rate has been continued up to May 1912.

In 1907 the city of San Francisco appropriated $720,000 in the annual budget for the building of a conduit system, under municipal ownership, but Judge Sturtevant Dec. 2 1907 held the appropriation invalid. See V. 85, p. 1518. At an election Dec. 30 1909 it was voted that the city issue $2,020,000 bonds for the reconstruction, extension and operation of the road by the city. V. 90, p. 54. On June 25 1910 California Supreme Court, affirming the judgment of the Superior Court (V. 90, p. 1170), sustained the validity of these bonds. V. 91, p. 38. $1,447,000 have been sold (V. 92, p. 594, 881).

On June 7 1912 U. S. Supreme Court denied the petition of the United RRs. of San Fran. for review of decision of lower Federal courts refusing an injunction to restrain city from building portions of municipal road. See under United RRs. in V. 94, p. 1697.

SEATTLE RENTON & SOUTHERN RY.—Trolley

Receivership.—On Apr. 30 1912 Judge Dykeman in State Court on application of former Pres. Wm. R. Crawford, appointed Scott Calhoun temporary receiver, but the latter did not take possession until after the discharge of the receivers appointed by the Federal Court—see below—Jos. Parkin being then appointed co-receiver and now acting in conjunction with Mr. Calhoun.

On Aug. 22 1912 Judge Cushman in U. S. Dist. Court discharged the receivers who had been appointed some time before by Judge Hanford of same court, who recently resigned. Judge Cushman also remanded to the State courts the suit originally brought by Mr. Crawford, but transferred to Federal Court by Judge Hanford, in which among other things the then existing management was charged with misuse of power, &c. Interests allied with Peabody, Houghteling & Co. hold the $300,000 6% collateral tr. notes which matured June 1 1912 and are secured by entire stock ($1,000,000) of the railroad company, the stock being owned by Mr. Crawford. See V. 95, p. 545; V. 94, p. 1628, 1450, 1383, 1318.

ORGANIZATION.—Successor in Feb. 1903 to the Seattle & Renton Ry., which latter in 1899 purchased the road and *franchises* of Seattle & Rainier Beach Ry., formerly the Rainier Avenue Electric Ry., foreclosed The Seattle & Rainier Beach, however, maintains its corporate existence. *Franchises* from Seattle to Renton have been extended to Dec. 31 1934. Company has also acquired *franchises* for same period covering 12 miles additional track, 9 of which will be in city of Seattle, and in return company pays city 2% of gross receipts until Dec. 31 1919 and 3% thereafter.

On Dec. 23 1910 City Council voted to revoke the franchises of company on ground that there had been a number of violations of terms of franchise limiting fares to 5 cents within city limits. V. 91, p.1769. On June 25 1912 the State Surpeme Court affirmed the ruling of the Superior Court made on April 5 1912 upholding the validity of the $800,000 20-year bonds voted by the city of Seattle on March 7 1911 (V. 92, p. 463, 726) for the construction of a parallel road or the acquisition by purchase or condemnation of the existing line. On May 31 1912 the city began condemnation proceedings in Superior Court for acquisition of the portion of road within city limits which it is desired to take over as part of the municipal line. Up to Sept. 1 1912, however, no bonds had been issued.

The State Supreme Court has decided that the company must exchange transfers with the Seattle Electric Co. upon a basis of an equal division of fare, but an appeal is pending to the U. S. Supreme Court. For proceedings in Federal Court see V. 93, p. 732.

Stock Exchange. *Street Railway franchises* on certain streets expired Nov. 9 1910, but larger part of system is operated under ordinances which expire in 1913 to 1916 inclusive, 1929, 1930 and 1932. Gas, light and power *franchises* are perpetual. In April 1908 agreed to pay city $242,612 in semi-annual installments in settlement of certain claims by city. V. 86, p. 1345.

Ordinance.—On Aug. 3 1911 Mayor Whitlock approved the ordinance passed by City Council providing for a rental of $250 per day for use of streets on which franchises have expired. V. 93, p. 408. On Aug. 28 1911 City Solicitor Schreiber filed suit in Common Pleas Court to collect $70,000 rental, claimed to be due under foregoing ordinance for operation on streets on which franchises expired November 1910. V. 93, p. 590. In Sept. 1912 suit was still pending, but was not being pressed.

Heating Franchise Repealed.—City Council on Sept. 10 1912, at request of City Solicitor Schreiber, passed a resolution repealing the hot-water-heating franchise. See V. 95, p. 681.

Temporary Agreement.—On Jan. 8 1912 Common Council confirmed the agreement made by Mayor Whitlock on Jan. 5 1912, accepting the offer of W. W. Miller for 3-cent fares between 5:30 and 7:30 a. m. and 4:30 and 6:30 p. m. and 6 tickets for a quarter at all other times, with universal transfers, for a period of 90 days beginning Jan. 8 1912, pending settlement of the franchise question. [In Sept. 1912 agreement was still in force, no notice to terminate having been given either by the company or by the city.] Mayor Whitlock in return was to veto the ordinance passed by the Council on Jan. 2 1912 providing for 3-cent fares and universal transfers, and the city, it is said, is to abandon all pending suits, including that to recover $250 rental per day for lines on which franchises have expired. V. 94, p. 69, 209.

Default.—Interest on the $4,866,000 new consol. mtge. was defaulted July 1 1908, as was also interest on the $1,250 000 1st mtge. bonds of the controlled Toledo & Western Ry. A reorganization committee has been formed to represent bondholders and creditors in endeavor to readjust the affairs of company so as to prevent a receivership. See V. 86, p. 1226. See committee's statement, V. 92, p. 597. A majority of the 4% consols has been deposited with said committee. V. 88, p. 1198, 1255; V. 89, p. 105. A stockholders' protective committee has also been formed (V. 89, p. 1051), as has also a committee to represent the Toledo Gas, Elec. & Heating bonds. V. 94, p. 69.

Application for Receiver.—On Jan. 4 1912 U. S. Mtge. & Trust Co., in accordance with the views of bondholders' and creditors' committee, applied to U. S. Dist. Court at Toledo for a receiver. V. 94, p. 69. The application is not to be pressed, owing to temporary agreement as to fares referred to above.

Proposed Reorganization.—On June 27 1912 the stockholders' committee rejected the alternative plans of reorganization submitted by the bondholders' committee, neither plan being altogether satisfactory to the majority of the stockholders. V. 94, p. 1764, 1696, 1567, 1384, 1121, 1058, 913, 828. See also proposed plan in V. 94, p. 125; V. 93, p. 1727.

ABBREVIATIONS, ETC.

The terms and abbreviations employed in this SUPPLEMENT are explained in the following:

"STOCK AND BONDS."—Under these words are shown—

"STOCK."—The amount of stock *authorized* immediately follows the word "stock" and against this is the par value of single shares. For example. "Stock, $200,000 ($100)," means stock, total issue authorized by charter or by Act of Legislature, $200,000, divided into shares of $100 each; "f. p." following the amount given as outstanding means "full paid."

"Pref. means "preferred stock." "Pref. 6% cum." means preferred stock entitled to dividends of 6% per annum, such dividends if not paid accumulating, all dividends due and unpaid to be paid in full for each and every year before the common stock receives anything. "Pref. 6% non-cum." means simply that the stock is entitled to 6% per annum if earned, but that if unearned in any year the dividend for that year will not be paid subsequently.

"BONDS."—"Mort." or "M" means mortgage. "Consol" or "con. M." means consolidated mortgage. "Gen. M." means general mortgage. The amount next following is the total authorized amount that can be issued under the mortgage. The word "gold" is usually spelled out, but in some instances is contracted to "g.," while "cur." means currency.

"Conv." means convertible into stock. "S. f." means sinking fund. "c." means coupon; "c*" means coupon but may be registered as to principal; "r" means fully registered (no coupons) "r*" means registered, convertible into coupon bonds; "c*&r*" means registerable in either form and convertible from registered to coupon or the reverse; and "c*&r" means that registered certificates without coupons as well as coupon bonds are outstanding. The letters "p. m." mean per mile, so $15,000 p. m. means that the issue of bonds is restricted to $15,000 for each mile of track. "Guar." means guaranteed, and "guar. p. & l. (end.)" means guaranteed as to principal and interest, the guaranty being endorsed on each bond.

"DATE."—The date of issue on the face of the bonds is indicated under the word "date."

"INTEREST."—Under this heading is given the rate per cent yearly of the interest payable on the bonds or (if guaranteed) of the dividend payable on the stock; also the months when the interest or dividend is payable; thus, "6 J J" means 6% per annum payable January and July; correspondingly "F-A" is used to mean February and August; "M S" means March and September, and so on; while "Q-J" means quarterly beginning in January and "Q-F" quarterly beginning in February. (The day when the interest payment is due can generally be determined by noticing when the loans mature, the day of the month there given being in most cases the same as for one of the interest dates.)

"ROAD."—The word "track" means in Street Railway parlance all track, whether main line, siding, switch or second track. "Rails are 80-lb. order" means that each rail weighs 80 pounds to the yard.

EXTENDING MUNICIPAL FUNCTIONS MEANS EXTENDING THEIR LEGAL LIABILITY.

As the tendency of the times is to extend the functions of municipalities in many different directions, and particularly to commit to their care public utility undertakings, it is important to bear in mind that in thus going outside of the legitimate province of government, such municipalities are incurring liabilities and running risks to which they have not heretofore been subject. The matter is one which has received little attention thus far. The courts distinguish sharply between public and private functions of a municipal corporation, and in the case of private acts the liability is very much greater. The Court of Appeals of this State in a decision handed down last month (Oct. 1 1912) took occasion to reaffirm this doctrine. In the case of the Oakes Mfg. Co. vs. the City of New York, it was held that when a city, pursuant to powers conferred upon it, undertakes to maintain a municipal water system and to supply water to private customers at a fixed compensation, it acts in so doing not in a governmental capacity but as the proprietor of a corporate business, and is liable as such for breach of its contract or for negligence in connection with the undertaking. It is thus clear that in this State cities, even when maintaining a water supply, act not as governmental agencies but in the capacity of corporate proprietors of a private business.

Nevertheless the city escaped liability in the present instance, but for a special reason. The allegation had been that the water furnished contained so large a proportion of chlorine as to make it unfit for the plaintiff's use. It is held that the water need not be suitable for the purposes of a particular business. In other words, the ruling is that the city is not liable for furnishing water, as alleged in this case, containing so large a percentage of chlorine as to be unfit for the plaintiff's purposes, when the findings are to the effect that it was not possible for the city to procure any other or better water within reasonable limits of expenditure, and that the water supplied was reasonably satisfactory for all purposes except the peculiar and uncommon uses to which it was put in the conduct of the plaintiff's business.

The facts of the case are interesting. The plaintiff, the Oakes Mfg. Co., has for several years been the owner of a large factory at Steinway on Long Island, where it has been engaged in the manufacture of logwood extracts, or dyes, and during part of that period it has been supplied by the city, through its regular system, with water which in part was pumped by the city only and in part supplied under a contract with a private corporation. As already stated, the basis of the complaint was that the water thus supplied contained so large a percentage of chlorine that it was unfit for plaintiff's purposes without special preparation, and this made it so expensive as to prevent any profits in the manufacturing company's business. The impurity alleged is caused by the fact that the wells from which the water supply is drawn are situated so near to the ocean that when they are pumped vigorously sea-

water drains through into the wells and causes the trouble referred to. Judge Hiscock, who wrote the opinion, said that, while plaintiff's case did seem to be one of considerable hardship, since at the time when it built its factory no such trouble had existed with the water supply as is now shown, there nevertheless were obstacles in the way of the relief asked. The plaintiff claimed that the city was guilty of negligence both because of the water which it furnished and because of the failure to furnish proper water.

Judge Hiscock first takes up the query whether the city in operating a municipal system for supplying water to ordinary customers on payment of rates was acting in a governmental capacity or as the proprietor of a corporate business wherein it was subject to many of those principles of liability which would apply to a private individual in the conduct of a similar business. He says that if the city is acting in a governmental capacity, it is too plain for argument that it would not be liable to plaintiff. He considered it settled, however, that in thus furnishing water the city is not acting in a governmental capacity. The city had contended to the contrary and had referred to the case of Springfield F. & M. Fire Ins. Co. vs. Village of Keeseville (148 N. Y., 48) in support of its views. Judge Hiscock shows, however, that the case mentioned was not on all fours with the present. The complaint in that case in substance was that the defendant, having availed itself of the right to maintain a municipal water-works system, operated the latter so negligently and inefficiently that proper fire protection was not afforded, whereby the plaintiff suffered damages. It was held, Judge Gray writing for a unanimous court, that the defendant was acting in a governmental capacity and was not liable. But of course that decision and opinion are to be read in the light of the facts which were involved. The village maintained a fire department, and concededly in so doing it was discharging a governmental function. As a necessary element in the maintenance of the fire department, it undertook to supply water for fire purposes, and in so doing its character and the nature of the acts which it was performing were not different than they would have been if one of the engines had become out of repair or an insufficient force of men had been maintained for operating the engine and the water.

But in the present case, when, in accordance with the powers conferred on it, the city undertook to maintain a municipal water system and to supply water to private consumers at a fixed compensation, it was not acting in such capacity. It entered on an enterprise which involved the ordinary incidents of a business wherein was sold that which people desired to buy and which might become a source of profit, and under these circumstances it became liable for breach of contract or for negligence as the proprietor of a private business ight become (Maxmilian vs. Mayor, &c., of N. Y., 62 N. Y., 160; Matter of Rapid Transit Commissioners, 197 N. Y., 81; Messersmith vs. City of Buffalo, 138 App. Div., 427; Piper vs. City of Madison, 122 N. W. Rep., 730; Lynch vs. Springfield, 174 Mass., 430).

But Judge Hiscock could find no evidence that the city had been guilty of any negligence toward the plaintiff. There was no contract between the city and the plaintiff whereby the former undertook to supply proper water, for breach of which recovery could now be had. Moreover, the action was one of negligence and not for breach of contract. Plaintiff is not entitled to recover, he says, on account of the impure water which has been supplied to it within the principles of those cases which recognize the rule of liability where a municipality negligently supplies impure water to a consumer who, in ignorance of its quality, uses the same and suffers. In this case it appears without dispute that the plaintiff understood the character of the water which was being supplied to it, and it could not voluntarily use it with knowledge of its impurities and then recover damages because of them.

It had been urged by the plaintiff that the charter imposed "upon defendant the duty to see that all proper measures are taken to preserve the purity of the water for the use of the inhabitants." But Judge Hiscock says that in discharging such a function as that of furnishing water to citizens, the municipal authorities are necessarily invested with a wide discretion which is not subject to judicial review (Mills vs. City of Brooklyn, 32 N. Y., 489). Under any ordinary circumstances which do not involve bad faith or a waste of public funds, they must decide whether one source or another shall be sought, and after the supply has been obtained no court can say that mains must be laid in every street or that every resident must have water best suited for his particular needs. Furthermore, in the present instance the findings were that the water now being furnished was reasonably satisfactory for all purposes except the "peculiar and uncommon uses to which it is put in the conduct of the plaintiff's business," and did not indicate that there was any other better source of supply which is reasonably available.

United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, *first*, the details as they stood at the close of the last fiscal year ending June 30 1912; *second*, the changes in those details since June 30 1912 down to Nov 1 1912; *third*, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1878; *fourth*, we publish in the "Chronicle" every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

Fractional currency	July 17 1862; March 3 1863; June 30 1864, $15,239,928.28, less $8,375,934 estimated as lost or destroyed, Act of June 21 1879	6,856,154 90
Aggregate June 30 1912 of debt bearing no interest		$378,301,284 90

The foregoing shows that the Government debt on June 30 1912 was made up of (1) interest-bearing debt, $963,776,770, of (2) debt on which interest has ceased, $1,760,450 26, of (3) debt bearing no interest, $378,301,284 90, making total *gross* debt, $1,343,838,505 16; subtracting from the total the net cash balance in the Treasury ($316,263,807 88) at the same date (June 30 1912), we have the net debt as it stood at the close of the last fiscal year, $1,027,574,697 28. Since the close of June the changes in the various items of the *interest-bearing debt* have included the issuing of $854,860 Postal Savings Bonds (Third Series), making the interest-bearing debt at this time $964,631,630.

For *later and future details of the debt, see the same* as issued every month in the "Chronicle," the first or a later Saturday. We now add, *first*, references to and citations from the laws which are the authority for the debt as it stands to-day; *second*, the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1878 to 1912, and on Nov. 1 1912; *third*, the Pacific Railroad bonds, which are never included in the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4½s, continued at 2%. The bonds of this issue were issued in exchange for the 4½% funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at pleasure of the Government. Amount issued $25,364,500, but May 18 1900 all were called for redemption on Aug. 18 1900, when interest ceased.

"CONSOLS OF 1930."—Column 13.) Bonds (2% payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," &c. (for copy of Act see "Chronicle," March 3 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5% payable Feb. 1 1904; (2) bonds bearing interest at 4% payable July 1 1907; and (3) bonds bearing interest at 3% payable August 1 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in "Chronicle," March 17 1900, page 509. Of these 2%s there were outstanding Nov. 1 1912, according to the debt statement, $646,250,150.

"LOAN OF 1908-1918."—(Column 11.) The bonds included under this head are an issue of $198,792,660 3%s. They were authorized by Act of June 13 1898 and are known as the "War Loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in "Chronicle" of June 18 1898, page 1168, inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and registered form, coupon in denominations of $20, $100, $500 and $1,000, and registered in denominations of same amounts, and also in $5,000 and $10,000, dated August 1 1898, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable August 1 1918. Se ecircular for further details. Subscriptions reached the amount of $1,325,000,000. The amount now outstanding (Nov. 1 1912) is $63,945,460.

"FUNDED LOAN OF 1907" (Column (3) 4s. The Act of July 14 1870, authorized the issue of 1,000 million dollars of bonds at 4%, payable in coin of the present standard value at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds applied to redemption of outstanding 5-20s, par for par. Outstanding (Nov. 1 1912), $746,950, included in debt upon which interest has ceased.

"REFUNDING CERTIFICATES" (Column 4).—Act of February 26 1879 authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4%, and convertible at any time, with accrued int., into the 4% bonds described in the Refunding Act; the money so received to be applied only to the payment of the bonds bearing interest at a rate not less than 5%. On March 12 1879 the issue of these certificates and their exchange into 4% bonds were authorized, the certificates were to draw 4% interest from April 1 1879 and were convertible in sums of $50 or its multiples. The amount issued at the close of the fiscal year (June 30 1879) was $39,308,110, but they had been converted so rapidly that there were outstanding at that date only $12,848,210. On Oct. 31 1879 the entire authorized amount had been reached, the maximum of the issue being $40,012,750. Of these there were still outstanding on Nov. 1 1912 a total of $13,970, included in debt bearing no interest.

"LOAN OF 1925."—(Column 9.) Sales of bonds included under this designation were effected (1) in February 1895 to the amount of $62,315,400, and (2) in February 1896 to the amount of $100,000,000. In a message to Congress under date of February 8 1895 (published in the "Chronicle" February 9 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statutes the details of an arrangement have this day been concluded whereby bonds authorized under the Act of July 14 1875, payable in coin at the pleasure of the United States after the first day of Feb. 1925, with interest at the rate of 4% per annum, to the amount of $62,315,400, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of $65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than $100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3¾% per annum. At least one-half of the gold to be obtained is to be supplied from abroad. Section 3700 of the revised Statutes is as follows:

"Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest."

For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see "Chronicle," February 18 1893, page 265.

The issue in February 1896 was an ordinary offering, open to all bidders, of $100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which there are outstanding $118,489,900."

"LOAN OF 1904."—(Column 6.) The Act of January 14 1875 authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the Act of July 14 1870, for the purpose of redeeming on and after January 1 1879, in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less than fifty dollars. Under this authorization, and for the purposes mentioned, there were issued in Feb. 1894, payable in 10 years, $50,000,000 of 5%s and in Nov. 1894 there were issued $50,000,000 more for similar bonds for same purpose. The bonds matured Feb. 2 1904, and the amount outstanding Nov. 1 ($13,250) is included on that date in "debt on which interest has ceased."

"PANAMA CANAL LOAN."—(Column 2). The Act of June 28 1902, Section 8, supplemented by the Act of Dec. 21 1905 (for copy of the sections referred to, see "Chronicle" July 7 1906, page 12), authorizes the issue of $130,000,000 of coupon or registered 2% bonds of the United States, or as much thereof as may be necessary, in denominations of $20 or some multiple of that sum, redeemable in gold coin at the pleasure of the United States after ten years from the date of issue—$84,631,980 of said bonds have been issued, all of which are now outstanding. They bear date Aug. 1 1906 and Nov. 1 1908, but interest began Nov. 1 1907 and Feb. 1 1909.

"PANAMA CANAL LOAN."—(Column 5.) The Act of Aug. 5 1909, Section 39, supplemented by the Act of Feb. 4 1910, authorizes the issue of $160,569,000 of coupon or registered bonds of the United States in various denominations up to $1,000 at a rate of interest not exceeding 3%. Under a further supplementary Act—that of March 2 1911—authorization was given to issue the bonds "not available to national banks as security for circulation notes," and in conformity therewith $50,000,000 of said bonds, bearing 3% interest, have been issued and are now outstanding. They bear date June 1 1911, are redeemable in 1961, and interest is payable quarterly on the first days of Sept., Dec., March and June. They are in denominations of $100, $500 and $1,000.

POSTAL SAVINGS BONDS.—(Column 8.) The Act of June 25 1910, authorized the issue to depositors with the United States under the Postal Savings Bank Law, upon the surrender of all or any part of his deposits, of coupon or registered bonds of the United States bearing 2½% interest,

of the denominations of $20, $40, $60, $80, $100 and multiples of $100 and $500. Under the Act $41,900 of such bonds redeemable July 1 1912 and payable July 1 1931, and $417,380 bonds redeemable Jan. 1 1913 and payable Jan. 1 1932, are now outstanding.

"CERTIFICATES OF INDEBTEDNESS" OF 1908, Authorized by Act of June 13 1898. $15,436,500 of the certificates were issued in denominations of $50, payable to bearer; dated Nov. 20 1907; interest at the rate of 5% per annum, payable with the principal sum on and after Nov. 20 1908, on presentation of the certificates for redemption. For further details see circular of Secretary Cortelyou in "Chronicle," Nov. 23 1907, page 1311—the certificates have all been retired.

In April 1895 we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1878, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of November, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

*Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of $150,000,000 as a separate item, and not included it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific railroads, giving likewise in the statement the debt already paid and the balance due to the Government

*Government accepted principal of bonds of Kansas Pacific RR.—$6,303,000—for indebtedness, but subsequently received an additional $821,898 on distribution of assets of Union Pacific, as mentioned in "note" below. The remainder ($5,785,560 34) represents the loss to Government under the settlement. *a* Government realized the sum of $2,122,841 24 from sale of claim against Sioux City & Pacific RR., or $2,057,176 96 less than the company's indebtedness.

Note.—The Government has been reimbursed for $27,236,512 principal and $31,211,711 75 interest, being the total indebtedness of the Union Pacific Railroad Co. to Nov. 1 1897, and for the principal of the Kansas Pacific indebtedness, amounting to $6,303,000. Subsequently, under the final decree for the distribution of the assets of the Union Pacific RR., made by Judge Sanborn at St. Paul. Oct. 24 1899, the United States received an additional $821,898 on its claim. Under settlement agreement of Feb. 1 1899, twenty notes of the Central Pacific Railroad Co. (bearing interest at 3% per annum), payable respectively on or before the expiration of each successive six months for ten years, and aggregating $58,812,715 48, which amount represented the unpaid balance of the total indebtedness of the Central Pacific and Western Pacific railroad companies to the United States on Feb. 1 1899, were delivered to the Treasurer of the United States. The balance of the total indebtedness was paid in full July 28 1908.

DEBT LIMITATIONS.—STATE.—The debt of the State is now limited by Sec. 14 and 17 Oct. 9 of the State constitution. Section 17 and the words italicized in Section 14 were added by an amendment adopted in Sept. 1912. V. 95, p. 766.

SECTION 14. The credit of the State shall not be directly or indirectly loaned in any case. The Legislature shall not create any debt or debts, liability or liabilities, on behalf of the State, which shall singly or in the aggregate, with previous debts and liabilities hereafter incurred, at any one time exceed $300,000 except *for the purposes of building and maintaining of State highways*, to suppress insurrection, to repel invasion, or for purposes of war; but this amendment shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States, or to any fund which the State shall hold in trust for any Indian tribe.

SECTION 17. The Legislature may authorize the issuing of bonds not exceeding two million dollars in amount at any one time, payable within forty-one years, at a rate of interest not exceeding four per centum per annum, payable semi-annually, which bonds or their proceeds shall be devoted solely to the building and maintaining of State highways; provided, however, that bonds issued and outstanding under the authority of this section shall never, in the aggregate, exceed two million dollars, the expenditure of said money to be divided equitably among the several counties of the State.

MUNICIPAL.—At an election held Sept. 11 1911 the voters adopted an amendment to Article XXII. of the constitution increasing the debt limit of cities of 40,000 or more (which concerns Portland alone) from 5% to 7½% of the assessed valuation. We print Article XXII. below, italicizing the part added and placing in brackets the words eliminated.

Article XXII. Limitation of Municipal Indebtedness. No city or town *having less than forty thousand inhabitants, according to the last Census taken by the United States*, shall *hereafter* create any debt or liability which, singly or in the aggregate, with previous debts or liabilities, shall exceed five per centum of the last regular valuation of said city or town, *provided, however, that cities having a population of forty thousand or more, according to the last Census taken by the United States, may create a debt or liability which, singly or in the aggregate, with previous debts or liabilities, shall equal seven and one-half per centum of the last regular valuation of said city, that cities of forty thousand inhabitants or over may, by a vote of their city government, increase the present rate of five per centum by one-fourth of one per centum in any one municipal year, until, in not less than ten years, the maximum rate of seven and one-half per centum is reached, that any city failing to take the increase in any one municipal year, then the increase for that year is lost and no increase can be made until the next year, as provided above; and provided, further*, that the adoption of this Article shall not be construed as applying to any fund received in trust by the said city or town, nor to any loan for the purpose of renewing existing loans or for war; or to temporary loans to be paid out of money raised by taxation during the year in which they *were* [are] made.

EXEMPTION FROM TAXATION.—The Legislature of 1909 approved an Act exempting from taxation all bonds issued after Feb. 1 1909 by th State or any county municipality, village, corporation or water district therein. Banks and trust companies holding such securities are allowed to deduct the same from the assessment of their shares. See V. 88, p. 1451, for Act in full.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Sections 23 to 26, inclusive, of Chapter 48 of the Revised Statutes of 1903. LEGISLATURE meets biennially in odd years on the first Wednesday in January, and length of session is not limited.

HISTORY OF DEBT.—New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at $4,169,816, contracted exclusively for war purposes. June 1 1866 the total outstanding was $3,213,902 22, against which the Treasurer reported an asset of $77,082 89. The State debt at the present time is as follows.

ASSESSED VALUATION. The State's total assessed valuation has been as below. The average tax rate for 1911 (per $1,000) was $21.00.

Years—	*Assessed Val.*	*Years*—	*Assessed Val.*	*Years*—	*Assessed Val.*
1911	$263,074,386	1905	$225,082,628	1897	$203,507,734

1906	231,641,571	1898	204,734,731		

The preceding values are simply the aggregate of the inventories of the various towns in the State. In addition the State taxes at different rates savings banks and trust companies, insurance capital, railroads, building and loan associations, telegraph and telephone companies, parlor car and express companies. These latter were valued in 1911 at $110,875,442.

1880	346,991	1840	284,574	1800	183,858		

In 1870-80 increase was 28,691, or 9.01%; in 1880-90, 29,539, or 8.51%; in 1890-00, 35,058, or 9.31%; in 1900-10, 18,984, or 4.6%.

DEBT LIMITATION.—There is no restriction in the constitution of New Hampshire upon the debt-making power of the people through the "General Court," *except* the following, which is the last clause of Article 5 of Part Second of that instrument.

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the constitution which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town."

In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts:

Sec. 1. The term "municipal corporation" means town, city, school district, village district and village precinct. *Sec.* 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6%, may be payable in gold coin. If made payable in less than 20 years, may be extended, but never beyond 20 years from time of issue. *Sec.* 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting properly called, &c. (for which see Act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. *Sec.* 4. City bonds must be authorized by resolution of City Council passed by at least two-thirds of members elected to each branch, taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. *Sec.* 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in Act—which see. In case bonds be made subject to call, they must contain statement to that effect as given in Act. "The validity of any bonds shall not be affected by any variation from the forms herein prescribed." *Sec.* 6. Treasurer to keep a book in which he shall register bonds issued, &c. *Sec.* 7. "All bonds purporting to be issued by virtue or in pursuance of this Act and signed and sealed as hereinbefore provided shall, in favor of bona fide holders, be conclusively presumed to have been duly and regularly authorized and issued in accordance with the provisions herein contained, and no holder thereof shall be obliged to see to the existence of the purpose of the issue or to the regularity of any of the proceedings or to the application of the proceeds. All such bonds shall be negotiable in all respects and to the same extent as securities negotiable by the law merchant." *Sec.* 8. Annual tax must be levied and collected sufficient to pay interest and provide a sinking fund sufficient to pay principal within 20 years. *Sec.* 9. No bonds can be issued which shall increase the *net* debt of corporation to an amount exceeding 5% of the value of the taxable property therein as last appraised for assessing taxes. To ascertain *net* debt, all debts must be included except the following, which must be deducted—water debt, 'cash and other means' in treasury and sinking funds applicable to payment of debt so included; "but nothing contained in this section shall prevent the issue of bonds for the purpose of refunding an equal principal amount of other bonds of such corporation." *Sec.* 10. Corporation seal. *Sec.* 11. Act to take effect on passage. Approved March 19 1895.

Exceptions have been made to this law from time to time in special instances, such as in the case of $100,000 high-school bonds of the city of Portsmouth authorized by Chapter 202, Laws of 1903. This chapter provides that Section 9 of the Municipal Bond Law of 1895 does not apply in this instance.

TAXATION OF MUNICIPAL BONDS.—Chapter 55 of the Laws of 1907 provides that any city, town, precinct or village district may exempt from taxation any future issue of its bonds, provided such exemption shall apply only to bonds owned and held by citizens of said city, town, precinct or village district. State bonds are subject to taxation unless exempted by the terms of the Act under which they are issued.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The savings bank investment laws of New Hampshire were completely revised and materially altered in many respects at the Legislative session of 1901. The new law was approved by the Governor March 22 1901 and went into effect on its passage. In 1907 clauses 8, 14, 18, 19 and 20 were amended. The Legislature of 1909 passed an Act adding clause 22 and amending clause 17. The law now reads as follows:

AN ACT TO REGULATE AND LIMIT THE INVESTMENTS OF SAVINGS BANKS.

Be it enacted by the Senate and House of Representatives in General Court convened

SECTION 1. On and after the passage of this Act, savings banks and savings departments of banking and trust companies shall make investment of their funds in the following classes of securities only:

1st. In notes secured by first mortgage of real estate situated in New Hampshire, but not over 70% of the value of the property covered shall be so loaned, and not exceeding 70% of the deposits shall be so invested.

2d. In notes secured by first mortgage of real estate situated outside of New Hampshire which is at the time improved, occupied and productive, but not over 50% of the value of the property covered shall be so loaned, and not exceeding 25% of the deposits shall be so invested.

3d. In notes secured by collateral in which the bank is at liberty to invest of a value at least 10% in excess of the face of the note. The amount of any one class of securities so taken as collateral, added to that which the bank may own at the time, shall not exceed the total limit of that class of security, but not exceeding 25% of the deposits shall be so invested.

4th. In notes secured by collateral securities which are dealt in on the Stock Exchanges of Boston and New York, the Stock Exchange price of which shall at all times be at least 20% in excess of the face of the note while held by the bank but not exceeding 25% of the deposits shall be so invested.

5th. In notes of individuals or corporations with two or more signers, or one or more indorsers, but not exceeding 5% of the deposits shall be loaned any one person or corporation in this class of security, and not exceeding 25% of the deposits shall be so invested.

9th. In the authorized bonds of any county, city, town, school district or other municipal corporation of any other of the United States or Territories whose net indebtedness at the time of such investment does not exceed 5% of the last preceding valuation of the property therein for taxation; and in the authorized bonds of any city of 100,000 inhabitants of any of said States whose net indebtedness does not exceed 7% of the last preceding valuation of the property therein for taxation. The term "net indebtedness" shall be construed to denote the indebtedness of any city, town or other municipal corporation, omitting the debt created for supplying the inhabitants with water and deducting the amount of any sinking fund available for the payment of the municipal indebtedness. *Provided, however*, that such bonds shall not have been issued in aid of railroads or for special assessment purposes. *Provided, also*, that the bonds of any county, city or town of less than 10,000 inhabitants, or of any school district or other municipal corporation of less than 2,000 inhabitants, in any State or Territory other than those named in Paragraph 8 of Section 1 of this Act shall not be authorized investments. *Provided, further*, that such bonds are issued by municipalities that are permitted by law to levy taxes sufficient to pay the interest and to provide sinking funds for their debt; otherwise such bonds shall not be authorized investments. But not exceeding 50% of the deposits shall be so invested.

PORTSMOUTH.
This city, incorporated in 1849, is one of the county seats of Rockingham County. The city issued $343,000 bonds in aid of the Portsmouth & Dover RR. and received in return stock of the par value of $344,000. Part of this stock has been sold at various times and the proceeds ap-

paid to the payment of the railroad bonds. When the P. & D. RR. was absorbed by the Boston & Maine, the city owned by the city was exchanged for stock in the Boston & Maine. On June 12 1907 the City Council authorized the Board of Sinking Fund Commissioners to exchange 5,000 shares of the common stock of the B. & M. RR. for the same number of shares of the capital stock of the New York New Haven & Hartford RR Co. The High School bonds for $100,000 were authorized by Chapter 202, Laws of 1903, and it was provided that Section 9 of the "Municipal Bond Act of 1897" should not apply in their case. Bonds marked (*) are not taxed in Portsmouth.

There was no direct tax for State purposes levied in either 1903, 1904, '05, '06, '07, '08, '09 or '10. A tax of $1.30 per $1,000, however, consisting of a State school tax of 80c. and a State highway tax of 50c., was collected and re-distributed to towns on a basis of the number of schools and road mileage, the State, for the sake of equalizing its distribution, acting as agent in the matter. Prior to 1902 this tax was $1 per $1,000.

DEBT LIMITATIONS.—There appears to be nothing in the constitution providing for a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. The laws relating to municipal debt limitation which have been passed by the Legislature from time to time are contained in Sections 3556, 3557, 3558, 3574 and 3575, Chapter 157, of the Revised Statutes of 1906. Section 3556, embodying a law passed in 1904, prohibits a municipality, unless otherwise provided in its charter, from borrowing, except for refunding purposes, an amount in excess of five times its grand list as last taken. An additional amount, not exceeding five times the grand list, may be borrowed, providing the loan is approved by a two-thirds vote. The next section (3557), covering laws passed in 1904 and 1906, provides that in figuring the debt limit, loans created for water supply, sewer or electric lights, and temporary loans, may b eliminated. The two sections follow:

SECTION 3556.—*Limit.*—No municipal corporation shall create an indebtedness, unless to refund outstanding bonds or orders, to an amount exceeding five times its grand list last taken; provided that it may, by a two-thirds vote by ballot of the voters present and voting at a meeting called for that purpose, increase such indebtedness an additional amount not exceeding five times such grand list. Bonds or obligations given or created in excess of the limit authorized by this section shall be void.

SECTION 3557.—*Determination.*—In determining the amount of municipal indebtedness permitted by the preceding section, obligations created for a water supply, sewers or electric lights, and temporary loans created in anticipation of the collection of taxes and necessary for meeting current expenses, shall not be taken into account; provided, that no such temporary loan shall be extended beyond the fiscal year for which it is made, and shall not exceed in amount 90% of the amount of taxes levied for such year; nor shall the provisions of this and the preceding section apply when the charter of a municipal corporation limits its indebtedness.

Section 3558 covers laws passed in 1872 and relates to railroad subscriptions by towns:

SECTION 3558. A town may aid in the construction of a railroad or ganized under the general law, by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs; but the liability so assumed shall not exceed eight times the grand list of the town. Such aid shall be given as provided in this chapter.

The other sections referred to (Sections 3574 and 3575) embrace a law passed in 1892, and allow towns or villages, not already bonded to an amount exceeding five times the grand list, to borrow an amount not exceeding three times the grand list for highway improvement. The two sections read as follows:

SECTION 3574. A town or incorporated village may issue bonds to an amount not exceeding three times its grand list for the purpose of purchasing road-making apparatus and for building permanent highways withia the limits of such town or village.

SECTION 3575. Such town or incorporated village may vote to issue such bonds at a meeting of the corporation, duly warned for that purpose, by a two-thirds majority of all the votes cast, and may stipulate in such vote by whom and in what manner the proceeds of such bonds shall be expended; but no town or incorporated village shall issue such bonds if it is already bonded to an amount exceeding five times its grand list.

It will be noticed that the preceding sections refer in each instance to the "grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done, the "grand list" is made up by taking 1% of that amount, according to Section 494, Chapter 30, of the Revised Statutes of 1906, which is as follows: "All real and personal estate shall, except as otherwise provided, be set in the list at 1% of its value in money on the first day of April of the year of its appraisal."

The only other *general* authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes. The sections which grant these powers are Sections 3567 to 3573 inclusive, Chapter 157 of the Revised Statutes of 1906. Section 3567 is as follows:

SECTION 3567. A town which has outstanding and unpaid orders, notes, bonds or coupons lawfully issued, may issue other negotiable notes or bonds to pay or retire the same.

SECTIONS 3568 to 3573, inclusive, give the method of issuing such bonds, By Section 3572 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns.

EXEMPTION FROM TAXATION.—Subdivision XII. of Section 496 of the Public Statutes of 1906, as amended by Act 23 of the Laws of 1908, provides that the following municipal securities shall be exempt from taxation:

XII. Notes, bonds or orders issued after Feb. 1 1907 as evidences of obligations for money loaned to a town, village, incorporated school or fire district, at a rate of interest not exceeding 4% per annum, for the purpose of constructing, purchasing, or repairing water, sewer or lighting systems, permanent highways, bridges, walks or public buildings, or for the purpose of refunding a debt contracted for any of the foregoing purposes.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—By Act No. 158 of the Vermont Legislature, approved Jan. 27 1911, Sections 4615 to 4692, inclusive, of the Public Statutes of 1906, relating to savings banks and trust companies, were completely revised. Many material changes were made in that part of the law concerning investments by savings banks, an entirely new section having been added which allows investment in railroad bonds. Section 8 of the new law, which deals with investments, is given in full below:

INVESTMENTS.

SECTION 8. The assets of banks shall be invested as follows:

FIRST MORTGAGES OF REAL ESTATE.

First. In first mortgages of unincumbered real estate, not to exceed in each case 60% of the value of such real estate, if located in Vermont, and not to exceed 50% of the value of such real estate if located elsewhere. Not less than one-sixth of the amount of such mortgages shall be upon real estate in this State treating mortgages made on lands in an adjoining State within twenty miles of the bank making such loan as Vermont mortgage loans, and not more than 80% of the amount of the assets shall be invested in mortgages of real estate; provided, that not exceeding 60% of the amount of such assets may be invested in mortgages of real estate outside of this State. No investment shall be made on mortgages of real estate outside of Vermont which is unimproved and unproductive, and the amount of such investments on mortgages in Vermont shall not be more than 40% of the value thereof. No bank shall loan to any person, partnership, association or corporation upon real estate mortgage (treating loans to the individual members of a partnership as loans to the partnership) more than $30,000, and in addition thereto 1% of the deposits of such bank in excess of $1,000,000. No mortgage investment shall be made except upon the written approval of at least three trustees of the board of investment, who shall certify in writing according to their best judgment the value of the premises mortgaged or to be mortgaged. At the expiration of every mortgage loan made for a period of five years or more, such loan shall not be extended or renewed unless three members of the board of investment certify in writing the value in their best judgment of the mortgaged premises and unless such value meets the requirements above prescribed.

When buildings are included in the valuation of real estate upon which an investment is made, they shall be insured by the mortgagor in such com-

pany as the trustees or board of investment direct, and the policies of insurance shall be duly assigned, or the loss made payable to such bank, and such bank may renew such policy of insurance in the same or in another company, as said trustees or board of investment elect, from year to year, or for a longer or shorter period, if the mortgagor neglects so to do; and, when necessary, the Treasurer may sign premium notes, and may charge the amount paid for such insurance to the mortgagor.

(5) No bonds shall be made a legal investment by sub-division (g) in case the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of the issuing or assuming corporation, including all bonds not issued that may legally be issued under any of its prior mortgages or of its assumed prior mortgages, after deducting therefrom, in case of a refunding mortgage, the bonds reserved under the provision of said mortgage to retire prior lien debts at maturity, shall exceed three times the outstanding capital stock of said corporation at the date of such investment;

(6) No bonds shall be made a legal investment by sub-division (i) or (j) in case the mortgage securing the same shall authorize a total issue of bonds which, added to the total debt of the guaranteeing corporation as defined in paragraph 5, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of such guaranteeing corporation outstanding at the date of such investment; nor in case at said date the total debt of the corporation which issued said bonds shall exceed three times its outstanding capital stock;

DESCRIPTION OF BONDS.

Definition of first mortgage. (f) Whenever the term "first mortgage" is used in the following sub-divisions, it shall mean, unless otherwise qualified, a first mortgage on not less than 75% of the railroad owned in fee at the date of the mortgage by the railroad corporation on the railroad of which said mortgage is a lien, but in no case on less than 100 continuous miles of standard-gauge railroad, exclusive of sidings; *provided* that—

Seventy-five per cent of the railroad subject to the lien of said mortgage is connected;

For five years prior to the date of investment therein all the railroad subject to the lien of said mortgage at the date of execution thereof has been operated by, and its operations included in, the operations of the railroad corporation which issues, assumes or guarantees said bonds;

The date of said mortgage is at least five years prior to the date of such investment; except that a first mortgage given in substitution for and not greater in amount than such a first mortgage, and covering the same railroad property, shall be considered to be in accordance with this requirement.

Direct Obligations. (g) Bonds issued or assumed by a railroad corporation described in sub-division (e) which are secured by a mortgage which was at the date thereof, or is at the date of such investment:

(1) A first mortgage on a railroad owned in fee by the corporation issuing or assuming said bonds except that, if it is not a first mortgage on 75% of all such railroad owned in fee by said corporation, it shall be a first mortgage on at least 75% of the railroad subject to the lien of said mortgage at the date thereof; but if any stocks or bonds are deposited with the trustee of said mortgage as part security therefor, representing or covering railroad mileage not owned in fee, the bonds secured by said mortgage shall not become legal investments unless said corporation owns in fee at least 75% of the total mileage which is subject to the lien of said mortgage and which is represented or covered by said stocks or bonds;

(2) A first mortgage, or a mortgage or trust indenture, which is in effect a first mortgage upon all the railroad subject to the lien of said mortgage or trust indenture by virtue of the irrevocable pledge with the trustee thereof of an entire issue or issues of bonds which are a first lien upon the railroad of a railroad corporation which is owned and operated, controlled and operated or leased and operated by the corporation issuing or assuming said bonds;

(3) A refunding mortgage which covers at least 75% of the railroad owned in fee by said corporation at the date of said mortgage and provides for the retirement of all outstanding mortgage debts which are a prior lien upon said railroad owned in fee and covered by said refunding mortgage at the date thereof; but if any of the bonds which said refunding mortgage is given to refund are secured on a railroad not owned in fee by the corporation executing said refunding mortgage, there shall be conveyed and assigned to the trustee of said refunding mortgage either—

(4) A mortgage upon not less than 10% of the railroad exclusive of sidings, owned in fee at the date of said mortgage by the corporation issuing or assuming said bonds, but in no case on less than 500 continuous miles of standard-gauge railroad; *provided*, that—

Said mortgage is a first or second lien upon not less than 75% of the total railroad covered by said mortgage at the date thereof, and which provides for the retirement of all mortgage debts which are a prior lien upon said railroad owned in fee and covered by said mortgage, at the date of the execution thereof;

The bonds secured by said mortgage mature at a later date than, and cover a mileage at least 25% greater than is covered by, any of the bonds secured by a prior lien mortgage so to be retired;

The date of said mortgage shall be at least five years prior to the date of such investment.

Bonds underlying refunding mortgages. (h) Mortgage bonds or bonds secured by mortgage bonds which are a direct obligation of, or which have been assumed, or which have been guaranteed by endorsement as to both principal and interest, by a railroad corporation whose refunding mortgage bonds are made a legal investment under paragraphs (3) or (4) of sub-division (g); *provided*, that—

Said bonds are prior to and are to be refunded by such refunding mortgage;

Said refunding mortgage covers all the real property upon which the mortgage securing said underlying bonds is a lien;

In the case of bonds so guaranteed or assumed, the corporation issuing said bonds is owned and operated, controlled and operated or leased and operated, by said railroad corporation.

Guaranteed obligations. (i) Bonds which have been guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the provisions of sub-division (e); *provided*, that—

Said bonds are secured by a first mortgage on the railroad of a railroad corporation which is owned and operated, controlled and operated or leased and operated by the corporation guaranteeing said bonds.

In the case of a leased railroad, the entire capital stock of which, except shares qualifying directors, is not owned by the lessee, the rental includes an amount to be paid to the stockholders of said leased railroad equal to at least 4% per annum upon that portion of the entire capital stock thereof outstanding which is not owned by the lessee.

(j) First mortgage bonds of a railroad corporation which during each of its ten fiscal years next preceding the date of such investment has complied with all the requirements of paragraphs (2), (3) and (4) of sub-division (e), *provided* that said bonds are guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the requirements of sub-division (e) preceding paragraph (5), notwithstanding that the railroad of said issuing corporation is not operated by said guaranteeing corporation.

CORPORATION NOT TO LOSE CREDIT BY TEMPORARY DISTURBANCE OF RELATION OF GROSS EARNINGS TO FIXED CHARGES.

(k) Bonds which have been or shall become legal investments under any of the provisions of this Act shall not be rendered illegal, although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive fiscal years to comply with the requirements of paragraph (4) of sub-division (e); but no further investment in the bonds issued, assumed or guaranteed by said corporation shall be made during said period. If, after the expiration of said period, said corporation complies for the following fiscal year with all the requirements of subdivision (e), it shall be regarded as having complied therewith during said period.

BONDS NOT TO BECOME ILLEGAL ON ACCOUNT OF CONSOLIDATION.

(l) Bonds which have been or shall become legal investments under any of the provisions of this Act shall not be rendered illegal, although the property upon which they are secured has been or shall be conveyed to or legally acquired by another railroad corporation, and although the corporation which issued or assumed said bonds has been or shall be consolidated with another railroad corporation, if the consolidated or purchasing corporation shall assume the payment of said bonds, and so long as it shall continue to pay regularly interest or dividends, or both, upon the securities issued against, in exchange for, or to acquire the stock of, the corporation consolidated, or the property purchased, or upon securities subsequently issued in exchange or substitution therefor, to an amount at least equal to 4% per annum upon the capital stock outstanding at the time of such consolidation or purchase of said corporation which issued or assumed said bonds.

CREDIT OF A CORPORATION NOT TO BE LOST BY CONSOLIDATION.

[illegible] of a railroad corporation which has complied with all the requirements of the foregoing paragraphs (except that the period of compliance is less than six, but not less than five, successive years, shall be at any time [illegible] consolidated or merged with, or its railroad purchased [illegible] the debts of such corporation assumed by, another railroad corporation incorporated under the laws of any of the United States, such corporation succeeding shall be considered as having complied with all the provisions of said division (c) preceding paragraph (5) during those successive years next preceding the date of such consolidation, merger or purchase, in which all said consolidated, merged or purchased corporations, if considered as one continuous corporation in ownership and possession, shall have so complied; provided, that said succeeding corporation shall continue to comply for a further period which shall make such compliance equivalent to at least six successive years, but which shall be in no case less than the two fiscal years next following said consolidation, merger or purchase.

* Nominal or contingent debt except "parks," of which $2,567,500 is a direct State obligation. Two-thirds ($535,333) of the Court-house loans is contingent debt. See below.

PUBLIC SALES OF BONDS.—A bill passed the Legislature in 1904 directing the Treasurer to advertise all future sales of State bonds instead of disposing of the same at private sale, as had been the practice for several previous years. (V. 78, p. 1565.)

INTEREST is payable at State Treasury in Boston.

TOTAL DEBT, SINKING FUNDS, &C.—

	Dec. 1 1911.	*Dec.* 1 1910.	*Dec.* 1 1909.	*Dec.* 1 1908.
Total funded debt	$116,234,162	$114,436,162	$110,520,162	$109,111,362
Sinking funds, &c	35,844,648	33,358,409	30,863,096	31,013,766
Net debt	$80,389,514	$81,077,753	$79,657,066	$78,097,596

The above debt is of two classes: the Direct Debt, for the payment of which the Commonwealth is directly and entirely responsible; and the Nominal or Contingent Debt, for which the Commonwealth has loaned its credit to sundry cities and towns for various purposes, the payment of which is guaranteed by sinking funds (sufficient to pay the debt at maturity) provided by a direct annual tax on the cities and towns for which the debt has been incurred. On Dec. 1 1911 these classes and the sinking funds applicable thereto were as follows:

	Direct Debt.	*Nominal Debt.*	*Grand Total.*
Bonded debt	$41,920,417	$74,313,745	$116,234,162
Sinking funds	21,438,295	14,406,353	35,844,648
Net debt	$20,482,122	$59,907,392	$80,389,514

ASSESSED VALUATION.—The State's assessed valuation has been as below:

The larger portion of the State's revenue is derived from corporations, national bank stocks, savings bank and inheritance taxes. In 1911 the tax assessed aggregated $15,539,462.87, of which $7,687,703.12 accrues to the Commonwealth and the balance is apportioned to cities and towns. Of the total of $15,539,462.87, $1,236,855.46 was assessed upon street railway companies, $4,035,662.54 upon other public service corporation, 3,443,.604.37 upon domestic business corporations, $1,808,567.56 upon savings banks, $1,539,767.84 upon national banks and $1,964,209.25 upon inheritances.

POPULATION OF STATE.—Massachusetts has the largest population of any of the New England States.

CONDEMNATION OF PRIVATE PROPERTY ADJACENT TO IMPROVEMENTS.—On Nov. 7 1911 a proposed amendment to the State constitution was adopted which increases the power of the Legislature to authorize the taking of land and property for highways or streets. The latter adds the following to Article 10 of part 1 of the constitution: The Legislature may by special Acts, for the purpose of laying out, widening or re-locating highways or streets, authorize the taking in fee by the Commonwealth, or by a county, city or town, of more land and property than are needed for the actual construction of such highway or street; provided, however, that the land and property authorized to be taken are specified in the Act and are no more in extent than would be sufficient for suitable building lots on both sides of such highway or street; and after so much of the land or property has been appropriated for such highway or street as is needed therefor, may authorize the sale of the remainder for value with or without suitable restrictions. See V. 93, p. 1547.

DEBT LIMITATIONS.—There seems to be no provision in the constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to cities and towns. All of the general provisions are found incorporated in Chapter 27 of the Revised Statutes, edition of Jan. 1 1902. The important sections of this chapter are cited below:

SECTION 1. Cities and towns shall not incur debts, except in the manner of voting and within the limitations as to amount and time of payment prescribed in this chapter.

SEC. 2. The indebtedness of a city or town under the provisions of this chapter not inconsistent herewith shall be its net indebtedness* as defined in clause twelve of section five of chapter eight; but debts created in aid of railroad corporations, except as herein otherwise provided, and water scrip issued by a town under special statutes for the indebtedness of a fire district, and all other debts excepted by general or special statutes shall be excluded.

SEC. 3. A *city* shall not become indebted in an amount exceeding two and one-half per cent on the average of the assessors' valuations of the taxable property therein for the three preceding years, the valuation of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment.

SEC. 4. A *town* shall not become indebted in an amount exceeding three per cent on the last preceding valuation for the assessment of taxes of the taxable property therein.

SEC. 5. A city or town which establishes, purchases, reconstructs, extends or enlarges a gas or electric-lighting plant within its limits may incur debt exceeding the limit hereinbefore prescribed in this chapter in payment therefor to an amount not exceeding, in a town, five per cent, and, in a city, not exceeding two and one-half per cent, of the last preceding State valuation.

SEC. 6. Cities and towns may by a majority vote incur debts for temporary loans in anticipation of the taxes of the municipal year in which such debts are incurred and expressly made payable therefrom by such vote. Such loans shall be payable within one year after the date of their incurrence, and shall not be reckoned in determining the authorized limit of indebtedness. Notes may be non-interest bearing and sold at a discount. See Chapter 151, Laws of 1904.]

SEC. 7. Cities and towns may by a majority vote incur debts for temporary loans for the payment of any land damages or any proportion of the general expense of abolishing a crossing which they are required primarily to pay under the provisions of Sections 149 to 160, inclusive, of Chapter 111. Such loans shall not be reckoned in determining the authorized limit of indebtedness, and when any money so paid is repaid, it shall be immediately applied to the discharge of the loan.

Sections referred to in Chap. 111 *provide for the abolition of grade crossings.*

SEC. 8. Debts other than those mentioned in the two preceding sections shall be incurred only by a vote of two-thirds of the voters present and voting at a town meeting, or of two-thirds of all the members of each branch of the city council, taken by yeas and nays, and subject to the approval or disapproval of the mayor.

SEC. 9. A city or town which has incurred a debt within the limitations as to amount and time of payment prescribed by this chapter may issue bonds, notes or scrip therefor, properly denominated on the face thereof, signed by its treasurer and, if issued by a city, countersigned by its mayor, or, if issued by a town, countersigned by a majority of its selectmen with, interest payable semi-annually at such rate as it deems proper, and may sell said bonds, notes or scrip, at not less than par, at public or private sale, or may use the same in payment of such debts.

SEC. 10. If a city or town votes to issue bonds, notes, scrip or other certificates of indebtedness in accordance with the provisions of this chapter, the officers authorized to negotiate the same may, in the name of such city or town, make a temporary loan for a period of not more than one year in anticipation of the money to be derived from the sale of such bonds, notes, scrip or other certificates of indebtedness; but the time within which such securities shall become due and payable shall not be extended by reason of the making of such temporary loan beyond the time fixed in the vote authorizing the issue of such bonds, notes, scrip or other certificates of indebtedness. [See note under Section 6.]

SEC. 11. Debts incurred for supplying the inhabitants with water, for acquiring land for public playgrounds [*a* and parks] under the provisions of Chapter 28, for a municipal lighting plant under the provisions of Chapter 34, or in constructing sewers, shall be payable within thirty years; debts incurred in building school houses and other public buildings and in procuring land therefor, within twenty years; and all other debts mentioned in Section 8, within ten years, or by the city of Boston within twenty years.

a Added to law by Chapter 375, Acts of 1903.

[*Chapter 28, referred to above, provides for public parks, playgrounds, &c., and under it any city or town (except Boston) may incur indebtedness to meet expense of acquiring land for public playgrounds outside the debt limit to an amount not exceeding ½ of 1% of its assessed valuation. Chapter 34 provides for the manufacture and distribution of gas and electricity.*]

SEC. 12. The interest on all debts shall annually be raised by taxation. If a debt is payable at a period exceeding ten years, the city or town shall, and in all other cases may, at the time of contracting the same, establish a sinking fund to be used for no other purpose than the payment of such debt, and shall annually raise by taxation and contribute thereto an amount sufficient with its accumulations to extinguish the debt at maturity; and if payable at a period not exceeding ten years, the city or town shall raise by taxation annually not less than 8% of the principal thereof, and shall set it apart for a sinking fund until an amount has been raised sufficient, with its accumulations, to extinguish the debt at maturity; and shall, in the year before the maturity of the debt, raise by taxation any balance necessary for its extinguishment.

SEC. 13. A city or town, instead of establishing a sinking fund, may vote to provide for the payment of any debt by such annual proportionate payments as will extinguish the same at maturity, and thereupon such annual proportion shall, without further vote, be assessed under the provisions of Section 37 of Chapter 12 until such debt is extinguished.

Sections 14 to 19, inclusive, and Sections 22, 24 and 25, relate to the election and duties of the Commissioners of the Sinking Fund and various other matters we cannot enter upon here.

SEC. 21. A city which at a meeting of its voters held for that purpose has accepted, by a vote of two-thirds of the legal voters present and voting thereon, any Act to supply said city with water may, by a yea and nay vote of the majority of the members of each branch of the City Council, contract debts and issue bonds for the purpose and to the extent authorized by such Act, in the manner provided in, and subject to the provision of, the preceding sections.

SEC. 23. No city or town shall, for the purpose of subscribing in aid of a railroad corporation, increase its indebtedness to an amount which, with its existing net indebtedness* incurred for any purpose, excluding temporary loans, exceeds 3% of the valuation of the taxable property therein as ascertained by the last preceding city or town valuation for the assessment of taxes.

In addition to these general provisions there are various special laws which contain *exceptions* to the general law as to debt limitation, which apply to Cambridge, Lynn, Newburyport, Waltham, Worcester, &c., &c. A further exception in favor of Metropolitan Park assessment loans issued in 1900 and 1901 was made by Chapter 325, Laws of 1902.

[* "Net indebtedness" as used above shall mean the indebtedness of a county, city, town or district, omitting debts created for supplying the inhabitants with water and other debts exempted from the operation of the law limiting their indebtedness, and deducting the amount of the sinking funds available for the payment of the indebtedness included. Revised Statutes, Chapter 8, Section 5, Clause 12.]

EXEMPTION FROM TAXATION.—Clause 15, Section 5, Part I, Chapter 490, of the Acts of 1909, provides that the following securities shall be exempt from taxation: "Bonds or certificates of indebtedness of the Commonwealth issued since the first day of January in the year 1906, and bonds, notes and certificates of indebtedness of any county, fire district, water supply district, city or town in the Commonwealth which may be issued on or after the first day of May in the year 1908, stating on their face that they are exempt from taxation in Massachusetts.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—Investment by savings banks in Massachusetts is governed by Chap. 590 of the Acts of 1908, referred to in V. 87, p. 257, and in an editorial article on Pages 5 and 6 of the "State and City Supplement" for May 29 1909. The law was further amended in 1909 and 1912 (see "Chronicle" of May 25 1912, "State and City Department"), and now reads as follows:

SECTION 98. Deposits and the income derived therefrom shall be invested or, as follows:

FIRST—First Mortgages of Real Estate.—In first mortgages of real estate located in this Commonwealth not to exceed 60% of the value of such real estate, but not more than 50% of the whole amount of deposits shall be so invested. If a loan is made on unimproved and unproductive real estate, the amount loaned thereon shall not exceed 40% of the value of such real estate. [For conditions that must be observed in making such loans see law in full in V. 87, p. 257.]

SECOND—Public Funds.—(a) In the public funds of the United States or of any of the New England States.

(b) In the bonds or notes of a county, city or town of this Commonwealth.

(c) In the bonds or notes of an incorporated district in this Commonwealth whose net indebtedness does not exceed 5%, of the last preceding valuation of the property therein for the assessment of taxes.

(d) In the bonds or notes of any city of Maine, New Hampshire, Vermont, Rhode Island or Connecticut whose net indebtedness does not exceed 5% of the next preceding valuation of the property therein for the assessment of taxes, or of any county or town of said States whose net indebtedness does not exceed 3% of such valuation; or of any incorporated water district of said States which has within its limits more than five thousand inhabitants, and whose bonds or notes are a direct obligation on all the taxable property of such district and whose net indebtedness does not exceed 3% of such valuation. *Provided*, that there is not included within the limits of such water district, either wholly or in part, any city or town the bonds or notes of which are not a legal investment.

(e) In the legally authorized bonds of the States of New York, Pennsylvania, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Missouri and Iowa, and of the District of Columbia, and in the legally authorized bonds for municipal purposes, and in the refunding bonds issued to take up at maturity bonds which have been issued for other than municipal purposes, but on which the interest has been fully paid, of any city of the aforesaid States, which has at the date of such investment more than thirty thousand inhabitants, as established by the last national or State census or city census, certified to by the city clerk or treasurer of said city, and taken in the same manner as a national or State census, preceding such investment, and whose net indebtedness does not exceed 5% of the valuation of the taxable property therein, to be ascertained by the last preceding valuation of property therein for the assessment of taxes.

(f) In the legally authorized bonds of the States of California, Delaware, Nebraska, New Jersey, Oregon and Washington, and in the legally authorized bonds for municipal purposes or in refunding bonds which have been issued for other than municipal purposes, but on which the interest has been fully paid, of any city of the States of California, Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Massachusetts, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Washington and Wisconsin, which has at the date of such investment more than one hundred thousand inhabitants, established in the same manner as is provided in subdivision (e) of this clause, and whose net indebtedness does not exceed seven per cent of the valuation of the taxable property therein, established and ascertained as provided in subdivision (e) of this clause.

(g) In subdivisions (d), (e) and (f) of this clause the words "net indebtedness" mean the indebtedness of a county, city, town or district omitting debts created for supplying the inhabitants with water and debts created in anticipation of taxes to be paid within one year, and deducting the amount of sinking funds available for the payment of the indebtedness included.

RAILROAD BONDS.

Massachusetts Railroads.

THIRD.—(a) In the bonds or notes, issued in accordance with the laws of this Commonwealth, of a railroad corporation incorporated therein the railroad of which is located wholly or in part therein, which has paid in dividends in cash an amount equal to not less than 4% per annum on all its outstanding issues of capital stock in each fiscal year for the five years next preceding such investment, or in the first mortgage bonds of a terminal corporation incorporated in this Commonwealth and whose property is located therein, which is owned and operated, or the bonds of which are guaranteed as to principal and interest, or assumed, by such railroad corporation. Any shares of the capital stock of a railroad corporation leased to such railroad corporation, which are owned by said lessee corporation, shall not be considered as outstanding within the meaning of this subdivision

New England Railroads.

(b) In the bonds or assumed bonds of a railroad corporation incorporated in any of the New England States at least one-half of the railroad of which is located in said States, whether such corporation is in possession of and is operating its own road or is leased to another railroad corporation; *provided* either that such bonds shall be secured by a first mortgage of the whole or a part of the railroad and railroad property of such corporation or by a refunding mortgage as described in paragraph (3) or (4) of subdivision *g*; or that if the railroad and railroad property of such corporation are unincumbered by mortgage, such bonds shall be issued under the authority of one of said States which provides by law that no such railroad corporation which has issued bonds shall subsequently execute a mortgage upon its road, equipment and franchise or upon any of its real or personal property, without including in and securing by such mortgage all bonds previously issued and all its pre-existing debts and liabilities, which provision, so enacted in such State, shall have been accepted by the stockholders of such corporation; and *provided*, that such corporation has paid in dividends in cash an amount equal to not less than 4% per annum on all its outstanding issues of capital stock in each fiscal year for the five years next preceding such investment.

(c) In the first mortgage bonds or assumed first mortgage bonds or in the bonds secured by a refunding mortgage as described in paragraphs (3) or (4) of subdivision *g*, of a railroad corporation incorporated in any of the New England States the railroad of which is located wholly or in part therein, which have been guaranteed as to principal and interest by a railroad corporation described in subdivisions *a* or *b* which is in possession of and is operating its own road.

(d) No bond shall be made a legal investment by subdivision *b* unless the corporation which issued or assumed such bond has, during its fiscal year next preceding the date of such investment, paid in dividends on its capital stock an amount equal to one-third of the total amount of interest paid on all its direct and assumed funded indebtedness.

No bond shall be made a legal investment by subdivision *c* unless the corporation which guaranteed such bond has, during its fiscal year next preceding such investment, paid in dividends on its capital stock an amount equal to one-third of the total amount of interest paid on all its direct, assumed and guaranteed funded indebtedness.

Other Railroads.

(e) In the mortgage bonds, as described in any of the following subdivisions of this clause, of any railroad corporation incorporated under the laws of any of the United States:

Provided, that during each of the ten fiscal years of such railroad corporation next preceding the date of such investment—

(1) Such railroad corporation owned in fee not less than five hundred miles of standard-gauge railroad, exclusive of sidings, within the United States, or if such corporation owned in fee less than five hundred miles of such railroad, the gross earnings of such corporation, reckoned as hereinafter provided, shall have been not less than fifteen million dollars;

(2) Such railroad corporation shall have paid the matured principal and interest of all its mortgage indebtedness;

(3) Such railroad corporation shall have paid in dividends in cash to its stockholders an amount equal to at least four per cent upon all its outstanding capital stock.

(4) The gross earnings from the operation of the property of such railroad corporation, including therein the gross earnings of all railroads leased and operated or controlled and operated by said corporation, and the gross earnings from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable upon its entire outstanding indebtedness, the rentals of all leased lines, and the interest on all the outstanding indebtedness of railroads controlled and operated which is not owned by said corporation after deducting from said interest and rentals interest and dividends received from the stocks, bonds or notes of railroad corporations not operated by said corporation, which have been deposited with a trustee as the only security to secure the payment of bonds or notes issued by said corporation, but not in excess of the interest on said last-named bonds or notes.

And further *provided*, that—

(5) No bonds shall be made a legal investment by subdivision *g* in case the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of the issuing or assuming corporation, including all bonds not issued that may legally be issued under any of its prior mortgages or of its assumed prior mortgages, after deducting therefrom, in case of a refunding mortgage, the bonds reserved under the provisions of said mortgage to retire prior lien debts at maturity, shall exceed three times the outstanding capital stock of said corporation at the date of such investment.

(6) No bonds shall be made a legal investment by subdivision *i* or *j* in case the mortgage securing the same shall authorize a total issue of bonds which, added to the total debt of the guaranteeing corporation as defined in paragraph five, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of such guaranteeing corporation outstanding at the date of such investment; nor in case at said date the total debt of the corporation which issued said bonds shall exceed three times its outstanding capital stock.

In the case of a mortgage executed prior to the passage of this Act, under which the total amount of bonds which may be issued is not specifically stated, the amount of bonds outstanding thereunder at the date of such investment shall be considered, for the purposes of paragraph five and of this paragraph, as the total authorized issue.

(7) Any railroad corporation which is mentioned in subdivision *c* of clause fourth of section twenty-six of chapter one hundred and thirteen of the Revised Laws shall be considered as having complied with all the requirements of this subdivision preceding paragraph five up to and including the fiscal year of said corporation in which this Act is passed.

DESCRIPTION OF BONDS.

(1) *Definition of First Mortgage.*—Whenever the term "first mortgage' is used in the following subdivisions, it shall mean, unless otherwise qualified, a first mortgage on not less than seventy-five per cent of the railroad owned in fee at the date of the mortgage by the railroad corporation on the railroad of which said mortgage is a lien, but in no case on less than

one hundred continuous miles of standard-gauge railroad, exclusive of sidings; *provided*, that seventy-five per cent of the railroad subject to the lien of said mortgage is connected;

For five years prior to the date of investment therein all the railroad subject to the lien of said mortgage at the date of execution thereof has been operated by, and its operations included in, the operations of the railroad corporation which issues, assumes or guarantees said bonds;

The date of said mortgage is at least five years prior to the date of such investment; except that a first mortgage given in substitution for and not greater in amount than such a first mortgage, and covering the same railroad property, shall be considered to be in accordance with this requirement.

(g) *Direct Obligations.*—Bonds issued or assumed by a railroad corporation described in subdivision *e*, which are secured by a mortgage which was at the date thereof or is at the date of such investment—

(1) A first mortgage on railroad owned in fee by the corporation issuing or assuming said bonds, except that, if it is not a first mortgage on seventy-five per cent of all such railroad owned in fee by said corporation, it shall be a first mortgage on at least seventy-five per cent of the railroad subject to the lien of said mortgage at the date thereof; but if any stocks or bonds are deposited with the trustee of said mortgage as part security therefor, representing or covering railroad mileage not owned in fee, the bonds secured by said mortgage shall not become legal investments unless said corporation owns in fee at least seventy-five per cent of the total mileage which is subject to the lien of said mortgage and which is represented or covered by said stocks or bonds;

(2) A first mortgage, or a mortgage or trust indenture which is in effect a first mortgage, upon all the railroad subject to the lien of said mortgage or trust indenture, by virtue of the irrevocable pledge with the trustee thereof of an entire issue or issues of bonds which are a first lien upon the railroad of a railroad corporation which is owned and operated, controlled and operated or leased and operated by the corporation issuing or assuming said bonds;

(3) A refunding mortgage which covers at least seventy-five per cent of the railroad owned in fee by said corporation at the date of said mortgage and provides for the retirement of all outstanding mortgage debts which are a prior lien upon said railroad owned in fee and covered by said refunding mortgage at the date thereof. But if any of the bonds which said refunding mortgage is given to refund are secured on a railroad not owned in fee by the corporation executing said refunding mortgage, there shall be conveyed and assigned to the trustee of said refunding mortgage either—

At least seventy-five per cent of the railroad on which each issue of bonds to be refunded is secured, free from any mortgage lien except that of the mortgage or mortgages securing the bonds to be refunded; or

At least seventy-five per cent of the outstanding bonds of each issue which is secured by a mortgage lien upon such railroad; and all of said railroad not owned in fee which is so subjected to the lien of said refunding mortgage shall be the railroad of one or more railroad corporations which are owned and operated, controlled and operated, or leased and operated, by the corporation issuing or assuming said refunding mortgage bonds;

But in no case shall the bonds secured by said refunding mortgage become a legal investment unless they mature at a later date than any bonds which said refunding mortgage is given to refund, nor unless the total mileage subjected to the lien of said refunding mortgage in accordance with the requirements of this paragraph is at least twenty-five per cent greater than the mileage covered by any one of the mortgages securing bonds which said refunding mortgage is given to refund.

(4) A mortgage upon not less than ten per cent of the railroad, exclusive of sidings, owned in fee at the date of said mortgage by the corporation issuing or assuming said bonds, but in no case on less than five hundred continuous miles of standard-gauge railroad; *provided*, that

Said mortgage is a first or second lien upon not less than seventy-five per cent of the total railroad covered by said mortgage at the date thereof, and which provides for the retirement of all mortgage debts which are a prior lien upon said railroad owned in fee and covered by said mortgage, at the date of the execution thereof;

The bonds secured by said mortgage mature at a later date than, and cover a mileage at least twenty-five per cent greater than is covered by, any of the bonds secured by a prior lien mortgage so to be retired;

The date of said mortgage shall be at least five years prior to the date of such investment.

(h) *Bonds Underlying Refunding Mortgages.*—Mortgage bonds or bonds secured by mortgage bonds which are a direct obligation of, or which have been assumed, or which have been guaranteed by endorsement as to both principal and interest by, a railroad corporation whose refunding mortgage bonds are made a legal investment under paragraphs three or four of subdivision *g*; *provided*, that—

Said bonds are prior to and are to be refunded by such refunding mortgage;

Said refunding mortgage covers all the real property upon which the mortgage securing said underlying bonds is a lien.

In the case of bonds so guaranteed or assumed, the corporation issuing said bonds is owned and operated, controlled and operated, or leased and operated, by said railroad corporation.

(i) *Guaranteed Obligations.*—Bonds which have been guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the provisions of subdivision *e: provided*, that—

Said bonds are secured by a first mortgage on the railroad of a railroad corporation which is owned and operated, controlled and operated, or leased and operated, by the corporation guaranteeing said bonds;

In the case of a leased railroad, the entire capital stock of which, except shares qualifying directors, is not owned by the lessee, the rental includes an amount to be paid to the stockholders of said leased railroad equal to at least four per cent per annum upon that portion of the entire capital stock thereof outstanding which is not owned by the lessee.

(j) First mortgage bonds of a railroad corporation which during each of its ten fiscal years next preceding the date of such investment has complied with all the requirements of paragraphs two, three and four of subdivision *e*; *provided*, that said bonds are guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the requirements of subdivision *e* preceding paragraph five, notwithstanding that the railroad of said issuing corporation is not operated by said guaranteeing corporation.

CORPORATION NOT TO LOSE CREDIT BY TEMPORARY DISTURBANCE OF RELATION OF GROSS EARNINGS TO FIXED CHARGES.

(k) Bonds which have been or shall become legal investments under any of the provisions of this Act shall not be rendered illegal although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive fiscal years to comply with the requirements of paragraph four of subdivision *e*; but no further investment in the bonds issued, assumed or guaranteed by said corporation shall be made during said period. If after the expiration of said period said corporation complies for the following fiscal year with all the requirements of subdivision *e*, it shall be regarded as having compiled therewith during said period.

BONDS NOT TO BECOME ILLEGAL ON ACCOUNT OF CONSOLIDATION.

(l) Bonds which have been or shall become legal investments under any of the provisions of this Act shall not be rendered illegal, although the property upon which they are secured has been or shall be conveyed to or legally acquired by another railroad corporation, and although the corporation which issued or assumed said bonds has been or shall be consolidated with another railroad corporation, if the consolidated or purchasing corporation shall assume the payment of said bonds, and so long as it shall continue to pay regularly interest or dividends, or both, upon the securities issued against, in exchange for or to acquire the stock of the corporation consolidated, or the property purchased, or upon securities subsequently issued in exchange or substitution therefor, to an amount at least equal to four per cent per annum upon the capital stock outstanding at the time of such consolidation or purchase, of said corporation which issued or assumed said bonds.

CREDIT OF A CORPORATION NOT TO BE LOST BY CONSOLIDATION.

(m) If a railroad corporation which has complied with all the requirements of subdivision *e* preceding paragraph five, except that the period of compliance is less than ten, but not less than five successive years, shall be, or shall have been, thereupon consolidated or merged into, or its railroad purchased and all of the debts of such corporation assumed by, another railroad corporation incorporated under the laws of any of the United States, such corporation so succeeding shall be considered as having complied with all the provisions of subdivision *e* preceding paragraph five during those successive years next preceding the date of such consolidation, merger or purchase in which all said consolidated, merged or purchased corporations, if considered as one continuous corporation in ownership and possession, would have so complied: *provided*, that said succeeding corporation shall continue so to comply for a further period which shall make such compliance equivalent to at least ten successive years, but which shall be in no case less than the two fiscal years next following said consolidation, merger or purchase.

STREET RAILWAY CORPORATIONS ARE NOT RAILROAD CORPORATIONS.

(n) In this Act, unless the context otherwise requires, "railroad corporation" means a corporation which owns or is in possession of and operating a railroad or railway of the class usually operated by steam power. Street railway corporations are not railroad corporations within the meaning of this Act.

PRESENT INVESTMENTS NOT TO BECOME ILLEGAL.

FOURTH.—The provisions of this Act shall not render illegal the investment in any mortgages of real estate held by such corporation at the time of its passage, nor the investment at such time or thereafter in any issue of bonds or notes dated prior to its passage, in which such corporation was then authorized to invest, so long as such bonds or notes continue to comply with the requirements of law then in force.

STREET RAILWAY BONDS.

FIFTH.—In the bonds of any street railway company incorporated in this Commonwealth the railway of which is located wholly or in part therein, and which has earned and paid in dividends in cash an amount equal to at least five per cent upon all its outstanding capital stock in each of the five years last preceding the certification by the Board of Railroad Commissioners hereinafter provided for. No such investment shall be made unless said company appears from returns made by it to the Board of Railroad Commissioners to have properly paid said dividends without impairment of assets or capital stock, and said board shall on or before the fifteenth day of January in each year certify and transmit to the Bank Commissioner a list of such street railway companies.

Dividends paid by way of rental to stockholders of a leased street railway company shall be deemed to have been earned and paid by said company within the meaning of this clause, provided that said company shall have annually earned, and properly paid in dividends in cash, without impairment of assets or capital stock, an amount equal to at least five per cent upon all its outstanding capital stock in each of the five fiscal years next preceding the date of the lease thereof.

If two or more street railway companies have been consolidated by purchase or otherwise during the five years prior to said certification, the payment severally from the earnings of each year of dividends equivalent in the aggregate to a dividend of five per cent on the aggregate capital stocks of the several companies during the years preceding such consolidation shall be sufficient for the purpose of this Act.

The Board of Railroad Commissioners in January 1912 announced the following roads as meeting the requirements of this clause (V. 93, p. 1736):

Boston Elevated Ry. Co.	Fitchburg & Leominster St. Ry. Co.
Boston & Northern Ry. Co.	Holyoke Street Ry. Co.
Boston & Revere Electric Ry. Co.	Springfield Street Ry. Co.
Citizens' Elec. St. Ry. of Newb'yp't.	Union Street Ry. Co.
Dartmouth & Westport St. Ry. Co.	West End Street Ry. Co.
East Middlesex Street Ry. Co.	Worcester Consolidated St. Ry. Co.

The above is used by the Bank Commissioner as a basis for the list of bonds which he deems good and safe investments under Clause *Fifth* of this Act. (*See Clause Thirteenth below.*)

TELEPHONE COMPANY BONDS.

SIXTH.—In the bonds of any telephone company subject to the provisions of section thirty-seven of chapter fourteen of the Revised Laws, and of which a majority of the directors are residents of the Commonwealth:

Provided, that during each of the five fiscal years of such telephone company next preceding the date of such investment—

(1) The gross income of such telephone company shall have been not less than ten million dollars per annum.

(2) Such telephone company shall have paid the matured principal and interest of all its indebtedness.

(3) Such telephone company shall have paid in dividends in cash an amount equal to not less than six per cent per annum on all its outstanding issues of capital stock.

(4) The dividends paid on the capital stock of such telephone company shall not have been less than the total amount necessary to pay the interest upon its entire outstanding indebtedness.

And further *provided* that such bonds shall be secured either (*a*) by a first mortgage upon at least seventy-five per cent of the property of such telephone company or (*b*) by the deposit with a trust company incorporated under the laws of this Commonwealth of bonds and shares of stock of other telephone corporations, under an indenture of trust which limits the amount of bonds so secured to seventy-five per cent of the value of the securities deposited as stated and determined in said indenture, and provided that during each of the five years next preceding such investment the annual interest and dividends paid in cash on the securities deposited have amounted to not less than fifty per cent in excess of the annual interest on the bonds outstanding and secured by said deposit. Not more than two per cent of the deposits of any savings bank shall be invested in thebonds of telephone companies.

BANK STOCKS AND DEPOSITS IN BANKS.

SEVENTH.—In the stock of a banking association located in the New England States and incorporated under the authority of the United States, or in the stock of a trust company incorporated under the laws of and doing business within this Commonwealth, but such corporation shall not hold both by way of investment and as security for loans more than twenty per cent of its deposits in the stock of such associations or companies, nor in any one such association or company more than three per cent of its deposits in, nor more than one hundred thousand dollars nor more than one-quarter of the capital stock of, such association or company. Such corporation may deposit not more than two and one-half per cent of its deposits in any banking association incorporated under the authority of the United States and located in this Commonwealth, and in any trust company incorporated in this Commonwealth, but such deposit shall not in any case exceed five hundred thousand dollars nor twenty-five per cent of the capital stock and surplus fund of such depositary.

Clause *Eighth* relates to loans on personal security, which are restricted to one-third of the deposits and income. [In addition to loans authorized by Clause *Eighth*, under an Act approved April 8 1910, banks may loan on notes with a pledge as collateral of life insurance policies. V. 90, p. 1376.] Clause *Ninth* concerns the amount to be invested in a bank building. Clause *Tenth* deals with real estate acquired by foreclosure, and Clause *Eleventh* with securities acquired in settlement of indebtedness Clause *Twelfth* relates to pledges of securities as collateral and provides against invalidating the same. For the provisions of these clauses, see V. 87, p. 257, where the law was printed in full.

LIST OF BONDS TO BE PREPARED.

THIRTEENTH.—Not later than the first day of February in each year the Commissioner shall prepare a list of all the bonds and notes which are then legal investments under the provisions of clauses *third, fourth, fifth* and *sixth*. Said list shall at all times be open to public inspection and a copy thereof shall be sent to every savings bank.

The report of the Bank Commissioner for 1911 contains a list of bonds considered legal under clauses *third, fourth, fifth* and *sixth* of the above Act. This list appeared in State & City Dept. of "Chronicle" April 27 1912.

A supplemental list of investments was printed in V. 95, p. 1143.

[*Opinion of Attorney-General Regarding Legality of N. Y. N. H. & H. RR. Bonds as Savings Bank Investments.*]—Attorney-General James M. Swift rendered an opinion in Feb. 1911 with reference to the Act passed by the Legislature in June 1910 to validate bonds and stocks of the New York New Haven & Hartford RR. Co., and for the purpose of determining whether or not the assets were sufficient to show the road a solvent corporation. As stated in V. 92, p. 462, the report of the Commission appointed under the Act referred to was filed with the Legislature on Feb. 17 1911. The Act stated that "nothing herein contained shall authorize the investment by savings banks in the securities aforesaid unless they are otherwise legal investments under the provisions of Chapter 590, Acts of 1909," and the Attorney-General finds that "no matter what the finding of the Commission appointed under the Act with reference to assets and liabilities was, it would not in and of itself make any change in the standing of securities for savings bank investments." See V. 92, p. 541.

V. 93, p. 1337. On Nov. 7 1911 the voters accepted an Act passed by the Legislature annexing the town of Hyde Park, which became a part of the city Jan. 1 1912. V. 93, p. 1337. In Nov. 1912 an Act authorizing the city to issue $2,500,000 bonds outside the debt limit for the construction of streets was accepted by the voters. V. 95, p. 1422.

DEBT AND TAX LIMITATIONS.—Taxes in Boston, exclusive of the State tax, county tax and sums required by law to be raised on account of the city debt, are limited by Chapter 521 of the Acts of 1910 to $10.55 on every $1,000 of the assessor's valuation of the taxable property therein for the preceding year, said valuation being first reduced by the amount of all abatements allowed thereon previous to the thirty-first day of December in the year preceding said assessment.

Sec. 2, Chap. 312, Laws of 1885 (Sec. 3, Chap. 27, of the 1902 edition, Revised Statutes), places the debt limitation of the city of Boston at 2½% of the average assessors' valuations of the taxable property for the preceding three years. Reference to this section of the Revised Statutes will be found in our remarks under the State of Massachusetts.

The foregoing limitation is of course exclusive of debts created for water supply, and further exceptions have been made from year to year by different legislatures authorizing bonds outside of the debt limit for various purposes, especially enumerated.

It is proper to state that under Chapter 93, Acts of 1891, the city is authorized to *anticipate* its authority to borrow money within its debt limit for any current municipal year.

LEGISLATURE.—As the result of an amendment to the constitution which was adopted at the election held in Nov. 1900, the Legislature now meets annually the first Tuesday in January. There is no limit as to the length of session, but compensation of the legislators is limited to sixty days' attendance in any calendar year. On Nov. 7 1911 the voters adopted a proposition to amend the State Constitution so as to provide for biennial, instead of annual, elections of Governor, Lieutenant-Governor, Secretary of State, Attorney-General, General Treasurer and Senators and Representatives. V. 93, p. 1338.

STATE AND MUNICIPAL INDEBTEDNESS LIMITATIONS.—Under Section 13, Article IV. of the State constitution, the General Assembly has no power to incur State debt to an amount exceeding $50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to pledge the faith of the State for the payment of obligations of others without the approval of the people. In reference to city debts, there is nothing in the constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 8, Chapter 46 (page 221) of the Revised Statutes of the State of 1909. Since 1878 these provisions have been in force, and consequently 3% of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20.—"The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority thereof."

SECTION 21.—"No town shall, *without special statutory authority therefor*, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight; but the giving of a new note or bond for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

TAXATION OF BONDS.—Bonds or notes of the State are not subject to taxation. Loans of municipalities, we were advised Dec. 12 1911 by J. F. Parker, Sec. of State, are taxable.

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.—At the 1911 session of the Legislature the laws concerning Rhode Island savings bank investments were completely revised and materially altered in a great many respects. In 1912 a further amendment was made. See V. 94, p. 1397. The new law will be found in full in the "Chronicle" of May 20 1911, page 1386.

LEGISLATURE meets biennially in odd years on the Wednesday following the first Monday in January. A constitutional amendment adopted in Oct. 1911 limits the length of each session to the first Wednesday after the first Monday in June. V. 95, p. 1435.

HISTORY OF DEBT.—For early history of the Connecticut State debt see "State and City Supplement" of April 1895, page 36. An Act of the Legislature approved April 14 1909, provides for the issuance of $7,000,000 3 ½% bonds "to meet the needs of the State." In 1911, however, another Act was passed limiting the issuance of bonds u der the Act of 1909 to $3,100,000 and authorizing a further issue of $6,000,000 4% bonds for the same purpose. Of the bonds authorized in 1909, $3,064,000 were issued, and under the Act of 1911 $4,000,000 have been put out. The 3 ½% bonds, it is provided, "shall be exempt from taxation by or under State or municipal authority." The 4s are also exempted from taxation, but the Act provides that "this exemption shall not be construed to apply to corporations taxed under the provisions of Sec. 2331, Gen. Stat., and amendments thereof." The condition of Connecticut's debt now is as follows:

Name and Purpose.		—*Interest*— *Rate.*	*Payable.*	—*Principal*— *When Due.*	*Outstand'g.*

Under Chapter 106, as amended by Chapter 165, Laws of 1901, the State collects the tax on every bank, national banking association, trust, insurance, transportation and bridge company whose stock is not exempt from taxation, and remits the amount so collected to the various city and town treasuries. As the value of such stocks was previously included in the grand list of each town, the reduction in values in 1901 followed from that cause.

DEBT LIMITATION.—The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is as follows, as adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation, but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any town or city to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling Acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to Section 1931, Chapter 121, of the Revised Statutes of 1902, "when any town shall have made appropriations or incurred debts, or shall hereafter make appropriations or incur debts exceeding $10,000, it may issue bonds, either registered or with coupons attached, or other obligations, payable at such times and at such annual rate of interest not exceeding 6%, payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

TAX EXEMPTION.—*Exemption from Taxation* has been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to redeem the railroad-aid bonds above referred to, or to redeem or to provide a fund to redeem any re-issue of the same. This exemption is found in Section 2415, Chapter 144 of the Revised Statutes of 1902 (latter part of Section), and the bonds there named are those "issued by any town or city in aid of the construction of the railroads of the Connecticut Western Railroad Company, the New Haven Middletown & Willimantic Railroad Company, the Shepaug Valley Railroad Company, the Connecticut Valley Railroad Co., the Connecticut Central Railroad Company, or either of them." All railroads which are in whole or in part in the State are taxed by the State under Section 2424, Chapter 147 of the Revised Statutes, so that the tax on these bonds is paid by the railroads.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—At the session in 1899 material changes were made in the provisions regulating the investment of the deposits of the savings banks of Connecticut, and at the sessions in 1901, in 1903 and in 1905 the scope of such investments was still further enlarged. One of the departures in the 1903 amendments was that street railway bonds were then included for the first time, and the list was still further enlarged in 1905. In 1909 obligations of fire and sewer districts in Connecticut were added to the list of investments and a slight change made in Section 3429 with reference to investments in mortgages on land in adjoining States. We give below the law as it is found in Sections 3428 and 3429, General Statutes of Connecticut, Revision of 1902, with the later amendments included.

SECTION 3428.—*Investments by Savings Banks.*—Savings banks may invest their deposits and surplus as follows:

(1) Not exceeding twenty per cent thereof in notes secured by the pledge of stocks or bonds as collateral, *provided*, such stocks or bonds shall have paid dividends or interest of not less than three per cent per annum during the two years next preceding that in which the respective loan is made; or by the pledge of any stocks, bonds, or other obligations which, under the provisions of this section, can be purchased by savings banks;

(2) Not exceeding twenty per cent thereof in notes, each of which shall be the joint and several obligation of two or more parties all residents of this State;

(3) In the bonds of the United States, the District of Columbia, any of the New England States, or any of the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, Kentucky, Michigan, Indiana, Illinois, Iowa, Wisconsin, Minnesota, Missouri, Nebraska, Kansas, California, Colorado and Oregon;

(4) In the bonds of any city in the New England States or in the State of New York, of Newark, Paterson and Trenton in the State of New Jersey, of Philadelphia in the State of Pennsylvania, of Cincinnati, Cleveland, Columbus, Dayton and Toledo in the State of Ohio, of Louisville in the State of Kentucky, of Detroit in the State of Michigan, of Chicago in the State of Illinois, of Milwaukee in the State of Wisconsin, of St. Louis in the State of Missouri or of Omaha in the State of Nebraska;

(5) In the obligations of any of the counties, towns, cities, boroughs, school districts, fire districts and sewer districts in this State.

(6) In the capital stock of any bank or trust company located in this State, or in the city of New York in the State of New York, or in Boston in the State of Massachusetts.

(7) In the bonds of any other incorporated city located in any of the States mentioned in this section having not less than twenty thousand inhabitants, as ascertained by the United States or State Census, or any municipal census taken by authority of the State, next preceding such investment: *provided*, the amount of the bonds of such city, including the issue in which such investment is made, and its proportion, based on the valuations contained in the assessment for taxation next preceding such investment, of the county and town debt, after deducting the amount of its water debt and the negotiable securities in the sinking funds which are available for payment of its bonds, does not exceed seven per cent of the valuation of property in such city as assessed for taxation next preceding such investment; *and provided, further*, that the State or city issuing such bonds has not defaulted payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this section shall not be held to authorize the investment of any funds in any "special assessment bonds" or "improvement bonds," so called, which are not direct and primary obligations of the city issuing the same;

(8) In the bonds of any railroad company organized under the laws of any of the States mentioned in this section, and which bonds are secured by a first mortgage as the only mortgage security given by such railroad company upon some potion of the railroad owned by it, or given by a railroad company a majority of the capital stock in which is owned by the railroad company issuing such bonds, upon some portion of the railroad owned by it but leased or operated by the railroad company issuing such bonds, and which portion of such railroad in either case shall be located wholly or in part in one or more of the States mentioned in this section, *provided* the entire railroad of such company is located wholly within the United States; in the consolidated bonds of any railroad company incorporated by this State and authorized to issue such bonds to retire the entire funded debt of such company; *provided*, that in every case such company shall have paid each year, for a period of not less than five years next previous to such investment, in addition to the interest on its funded indebtedness, dividends of not less than four per cent per annum upon its entire capital stock outstanding; and *provided further*, that said outstanding capital stock at the time of such investment equals or exceeds in amount one-third of the entire outstanding issue of such bonds;

(9) In the bonds of the following-named railroad companies, viz.:

[Owing to the fact that this company paid its Jan. 1908 dividend with certificates of indebtedness, instead of in cash, a question was raised as to whether these bonds would continue legal investments. The Attorney-General seemed to think not (see V. 86, p. 680), but the Bank Commission finally held in the affirmative. See V. 86, p. 1355.]
The Terminal Railroad Association of St. Louis general mortgage refunding 4 per centum sinking fund gold bonds of 1953 and the mortgage bonds heretofore issued which said general mortgage bonds are to retire at maturity. [See editorial V. 77, p. 2071, for Attorney-General's opinion relative to these bonds.]
The St. Louis Iron Mountain & Southern Railroad Company, River & Gulf Division first mortgage 4% bonds due May 1 1933. [In answer to an inquiry concerning these bonds, an opinion was rendered by the Attorney-General on Sept. 23 1912, in which he says: "I interpret the statute to mean that no bond of any railroad corporation named shall be a legal investment for a savings bank while or at the time such corporation, or the system of which it is a part, fails to pay dividends on all of its capital stock. Therefore, I am of the opinion that the payment of a dividend after default, ipso facto restores said bonds to the eligible list for investments for savings banks." V. 95, p. 993.
The Buffalo & Susquehanna Railroad Company first mortgage 4 per cent gold bonds due in 1951. [In default since July 1910.]

(10) In any general or consolidated mortgage bonds issued by any of the following named railroad companies to retire all of the outstanding prior mortgage bonds secured upon the property covered by said general or consolidated mortgage:—
Chicago & North Western Railway Company
Chicago Burlington & Quincy Railroad Company,
Chicago Milwaukee & St. Paul Railway Company,
Chicago Rock Island & Pacific Railway Company,
Chicago & Alton Railroad Company,
Cleveland & Pittsburgh Railroad Company,
Lake Shore & Michigan Southern Railroad Company,
Michigan Central Railroad Company,
Morris & Essex Railroad Company,
New York Central & Hudson River Railroad Company,
Pennsylvania Railroad Company,
St. Paul Minneapolis & Manitoba Railway Company,
Eastern Railway Company of Minnesota, Northern Division,
Louisville & Nashville Railroad Company,
and the mortgage bonds hitherto issued which such consolidated or general mortgage bonds are to retire at maturity; *provided*, that at no time within five years next preceding the date of such investment in such general consolidated mortgage bonds issued by any of the railroad corporations last named shall such railroad corporation have failed to pay regularly and punctually the principal, at maturity or as extended ,and interest on all its mortgage indebtedness, and, in addition thereto, dividends upon all its outstanding capital stock during the preceding five years; and *provided further*, that at the date of every such dividend the outstanding capital stock of such railroad corporation shall have been equal to at least one-third of the total mortgage indebtedness of such railroad coproration, including all bonds issued or to be issued under any mortgage securing any bonds in which such investment shall be made.

No bond of any railroad corporation named in this section *shall be a legal investment for a savings bank when such corporation, or the system of which it is a part, shall fail to pay dividends on all of its capital stock; and this section shall not be held to authorize any investment in the bonds of any corporation operating its railroad exclusively by any means other than steam as a motive power, or in the bonds of any street railway company.* [As already stated, amendments have since been made permitting investment in street railway bonds—see below.]

[In 1909 the Legislature passed an Act repealing Chapter 205 of the Laws of 1905, which allowed savings banks to invest their deposits in the first mortgage gold 4s of the Southern Indiana Railway Co., due 1951.] V. 88, p. 1329.

All other investments shall consist of deposits in incorporated banks or trust companies located in this State, or in the States of New York, Massachusetts or Rhode Island, or of loans secured by mortgage on unincumbered real estate situated in this State (except as provided in section 3429) [see section below] worth double the amount of the loan secured thereon.

Street Railway Bonds.—As stated above, street railway bonds are included for the first time by chapter 171, Laws of 1903. This Act was amended in 1905 and now reads as follows:

Savings banks may invest their deposits and surplus in the first mortgage bonds of the Hartford Street Railway Company and the Fair Haven & Westville Railroad Company, and in all bonds of the Consolidated Railway Company and in the Connecticut Railway & Lighting Company. [Under ruling of the State Attorney General the 30-year 5% gold bonds of the Meriden Horse Railroad Co. assumed by the Consolidated Railway Co. are legal investments for Connecticut savings banks. See V. 82, p. 292.]

SECTION 3429—*When Mortgages May Be Made in Adjoining States.*—Any savings bank in the towns of Putnam, Brooklyn and Killingly may loan on land located in the county of Providence in the State of Rhode Island; any savings bank in the town of Ridgefield may loan on land located in the county of Westchester in the State of New York; any saving bank in the town of Enfield or in the town of Stafford may loan on land located in the county of Hampden in the State of Massachusetts; and any savings bank in the town of Stonington may loan on land located in the county of Washington in the State of Rhode Island; and any savings bank in the town of Sailsbury may loan on land located in the county of Berkshire in the State of Massachusetts and on land located in the county of Dutchess, in the State of New York.

The subjoined sections, 3431, 3432, 3433 and 3434, provide certain *restrictions* with reference to loans—section 3431 restricting loans on mortgage security to manufacturing corporations and ecclesiastical societies; section 3432 restricting amount of loans to one party on personal security; section 3433 forbidding loans on single names.

SECTION 3431—*Loans to Corporations and Societies Regulated.*—No loan shall be made by any savings bank to any corporation or association or ecclesiastical society, secured by mortgage upon its property, unless the same shial be accompanied by the individual guaranty of some responsible party or parties, or by other collateral security of value equal to the amount of the sum loaned. The directors or trustees of any such bank consenting to any loan contrary to the provisions of this section shall be held individually responsible for any loss to the full extent of such loan.

SECTION 3432—*Loans Restricted.*—No savings bank having more than twenty-five thousand dollars of deposits shall loan on personal security to any one person, company, or interest more than three per cent of its deposits at the time of making such loan.

SECTION 3433—*Obligations of One Person or Firm Not to Be Taken.*—No savings bank shall buy or lend any money upon, any obligation on

which only one person or firm shall be holden, without taking additional security for the same equivalent to the guaranty or indorsement of some other responsible party.

TRUST FUNDS—HOW LOANED OR INVESTED—We find in Section 254 of Chapter 22 of the Revised Statutes of 1902 the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 254.—Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city or borough of this State, or in any bonds, stocks or other securities which the savings banks in this State are, or may be, authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT.

NOTE.—For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 168. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. In recent years several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the city and town of Hartford, which; previous to April 1896, reported their debts separately. The city and town of New London have been consolidated, as have also the city and town of New Britain and the city and town of Bridgeport. On Dec. 7 1897 the city, town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for, though distainct corporations, their debts are to greater or less extent the debts of a single community.

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and counties in the State was in 1908 $38,463,704 91. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

	Funded debt.	*Floating debt.*	**Total debt.*
1908	$30,598,153 47	$7,865,551 44	$38,463,704 91

1884	14,655,903 75	2,980,386 15	17,636,289 91
1880	15,388,375 69	1,967,623 60	17,355,999 29
1877	14,437,742 93	2,713,584 35	17,151,327 28

* In 1904 and at former periods the county debt ($344,500 in 1904) was not divided into funded and floating debt, and therefore is included only in total debt column.

LEGISLATURE meets annually the first Wednesday in January, and engtb of sessions is not limited.

HISTORY OF DEBT.—The early historical details of New York State's debt from 1817 to 1894 will be found in the "State and City Supplement" of April 1894, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of $1,000,000 per year, and practically wiped out.

In Nov. 1895 the voters approved a bond issue of $9,000,000, for the purpose of enlarging and improving the Erie, Oswego and Champlain canals. These bonds were all issued, but $5,770,000 have been redeemed, leaving outstanding Sept. 30 1912 $3,230,000. In 1903 a further issue of $101,000,000 canal bonds was authorized, and up to date $63,000,000 of these bonds have been sold. [A bill, signed by the Governor April 17 1912, authorizes the State Comptroller to issue canal improvement bonds made payable in foreign currency. V. 94, p. 1131.] At the 1905 election a constitutional amendment was adopted giving authority to create an aggregate debt of $50,000,000 for highway purposes, and up to date $34,000,000 of these bonds have been sold. The question of issuing an additional $50,000,000 bonds for highways received a favorable vote in Nov. 1912. In Nov. 1909 the voters approved the issuance of $7,000,000 bonds for the Cayuga and Seneca canals. Of this latter issue $3,000,000 have been sold. In 1910 the voters approved the issuance of $2,500,000 bonds, all of which have been sold, for the acquisition of the Palisades Interstate Park. Under the provisions of Chap. 569, Laws of 1909, as amended by Chap. 394, Laws 1911, $950,000 bonds were authorized for a State Reservation at Saratoga Springs. There have been sold $565,000 of these bonds. A proposition to issue $19,800,000 barge canal terminal bonds was adopted Nov. 7 1911, and of these $3,407,000 have been issued. The State's bonded debt on Sept 30 1912 was $109,702,660 and the sinking fund $25,249,085 38. Loans outstanding at time of going to press were as follows:

TAX VALUATION, TAX RATE, &C.—Large increase in values for 1904, due nearly to New York City's real estate being assessed about full value. The constitutional amendment adopted in 1905 permits interest and sinking fund requirements to be met out of funds in the Treasury instead of by means of a direct tax as heretofore. No direct State levy, therefore, was made in 1906 to 1910, revenue being entirely raised through the operation of mortgage, stock transfer, liquor, inheritance and corporation taxes. In July 1911, however, the Legislature again imposed a direct tax of 6-10 of a mill on each dollar of real and personal property. In 1912 the Legislature made provision for a direct tax levy of one mill.

CANASERAGA CREEK IMPROVEMENT BONDS.—On July 1 1910 the State Water Supply Commission sold under authority of Chap. 54, Consolidated Laws of 1909, and on behalf of the Canaseraga Creek Improvement District in Livingston County, $200,000 5% bonds, due $5,000 yearly from 1915 to 1954, incl. V. 91, p. 110. These bonds are payable by assessment upon the lands and properties in such improvement district.

CONSTITUTIONAL AMENDMENT CHANGING CLASSIFICATION OF CITIES.—At the Nov. 1907 election an amendment to Sec. 2 of Art. 12 of the constitution was adopted by a vote of 309,159 "for" to 123,919 "against." This amendment alters Section 2 by changing the population of cities of the first class from "two hundred and fifty thousand or more" to "one hundred and seventy five thousand or more," and the population of cities of the second class from "fifty thousand and less than two hundred and fifty thousand" to "fifty thousand and less than one hundred and seventy five thousand." This section was printed in full in V. 85, p. 359.

DEBT LIMITATION—STATE—The new constitution has in some measure modified the provisions of the fundamental law restricting the power of the Legislature over the issue of debt, &c. These provisions are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts—power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted and to no other purpose whatever.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Limitation of legislative power to create debts.—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or in behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within fifty* years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people, and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people." The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law; but the tax imposed by such Act, in proportion to the debt and liability which may have been contracted in pursuance of such law, shall remain in force and be irrepealable, and be annually collected, until the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The money arising from any loan or stock creating such debt or liability shall be applied to the work or object specified in the Act authorizing such debt or liability, or for the payment of such debt or liability and for no other purpose whatever. No such law shall be submitted to be voted on within three months after its passage, or at any general election when any other law, or any bill, shall be submitted to be voted for or against. The

Legislature may provide for the issue of bonds of the State to run for a period of not exceeding fifty years in lieu of bonds heretofore authorized but not issued, and shall impose and provide for the collection of a direct annual tax for the payment of the same as hereinbefore required. When any sinking fund created under this section shall equal in amount the debt for which it was created, no further direct tax shall be levied on account of said sinking fund and the Legislature shall reduce the tax to an amount equal to the accruing interest on such debt. [An amendment adopted by the voters on Nov. 2 1909 adds the following to Section 4: "The Legislature may from time to time alter the rate of interest to be paid upon any State debt which has been or may be authorized, pursuant to the provisions of this section, or upon any part of such debt, provided, however, that the rate of interest shall not be altered upon any part of such debt or upon any bond or other evidence thereof, which has been or shall be created or issued before such alteration. In case the Legislature increase the rate of interest upon any such debt or part thereof, it shall impose and provide for the collection of a direct annual tax to pay and sufficient to pay the increased or altered interest on such debt as it falls due, and also to pay and discharge the principal of such debt within fifty years from the time of the contracting thereof, and shall appropriate annually to the sinking fund moneys in amount sufficient to pay such interest and pay and discharge the principal of such debt when it shall become due and payable.]

**Originally eighteen years, extended to fifty by amendment adopted Nov. 1 1905.*

Sinking Fund, how kept and invested.—SEC 5.—The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

DEBT LIMITATION—CITIES, COUNTIES, TOWNS AND VILLAGES.—The new constitution of New York State puts a general and uniform limit to the power of all counties and cities of the State to contract and put out their obligations, leaving the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Article 8, Section 10. We give that section in full. The separation into paragraphs and the figures in parentheses which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to or use any particular portion can the more readily find the part desired. With that exception we give Section 10 of Article 8 as it reads, preserving even the punctuation.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed 10% of the assessed valuation of the real estate of such county or city subject to taxation as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds 10% of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the term of the bonds issud to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

At the 1909 election a very important constitutional amendment, with reference to the exclusion of debt incurred for rapid transit and dock purposes by New York City, and with reference to the exclusion after Jan. 1 1910 of water bonds issued by third class cities, was ratified by the voters. The amendment referred to changes sub-division (6), making it read as follows, the new parts being printed in *italics*.

(6) All certificates of indebtdeness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted; except that debts incurred by the City of New York after the first day of January, nineteen hundred and four, and debts incurred by any city of the second class after the first day of January, nineteen hundred and eight, *and debts incurred by any city of the third class after the first day of January, nineteen hundred and ten*, to provide for the supply of water, shall not be so included; *and except further that any debt hereafter incurred by the City of New York for a public improvement owned or to be owned by the city which yields to the city current net revenue, after making any necessary allowance for repairs and maintenance for which the city is liable, in excess of the interest on said debt and of the annual installments necessary for its amortization, may be excluded in ascertaining the power of said city to become otherwise indebted, provided that a sinking fund for its amortization shall have been established and maintained and that the indebtedness shall not be so excluded during any period of time when the revenue aforesaid shall not be sufficient to equal the said interest and amortization installments, and except further that any indebtedness heretofore incurred by the city of New York for any rapid transit or dock investment may be so excluded proportionately to the extent to which the current net revenue received by said city therefrom shall meet the interest and amortization installments thereof, provided that any increase in the debt-incurring power of the city of New York which shall result from the exclusion of debts heretofore incurred shall be available only for the acquisition or construction of properties to be used for rapid transit or dock purposes. The Legislature shall prescribe the method by which and the terms and conditions under which the amount of any debt to be so excluded shall be determined, and no such debt shall be excluded except in accordance with the determination so prescribed. The Legislature may in its discretion confer appropriate jurisdiction on the Appellate Division of the Supreme Court in the First Judicial Department for the purpose of determining the amount of any debt to be so excluded. No indebtedness of a city valid at the time of its inception shall thereafter become invalid by reason of the operation of any of the provisions of this section.*

(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. At the November 1899 election an amendment to the constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.

(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over 100,000 inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year 2% of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt.

By the terms of the foregoing section, Paragraph (1), every "County, City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in "incurring any indebtedness except for County, City, Town or Village purposes." Most of the other paragraphs include only counties and cities.

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 *that the sinking fund was not a part* of the city debt within the meaning of the above provision of the constitution limiting the creation of debt to 10% of the assessed valuation of the real estate.

Towns and villages are not limited in their debt-making power by the constitution. Those municipalities are governed by general or special statutes.

The 1895 Legislature passed an Act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the "Chronicle" of June 8 1895. V. 60, p. 1023

BILL PERMITTING LEGALIZING OF MUNICIPAL BONDS BY SUPREME COURT.—The 1911 Legislature passed a bill amending the general municipal law by providing that proceedings heretofore or hereafter taken by municipal corporations in relation to bond issues, pursuant to statute authorizing such procedure, may be legalized and confirmed by the Supreme Court instead of requiring legislative enactments. This bill was given in full in V. 93, p. 1619. See also V. 94, p. 316.

EXEMPTION FROM TAXATION.—Section 8, Article Two, Chapter 24; Consol. Laws of 1909 (p. 403) provides that "all bonds of a municipal corporation, until payable, shall be exempt from taxation for town, county, municipal or State purposes." Chapter 24 here mentioned provides that the term 'municipal corporation' as used in this chapter includes only a county, town, city and village." This differs from the definition given in the General Corporation Law (Chapter 23, Consolidated Laws of 1909), which in Section 3 of Article 1 says that "A 'municipal corporation' includes a county, town, school district, village and city and any other territorial division of the State established by law with powers of local government."

TAX ON SECURED DEBTS.—In July 1911 the Legislature passed a bill providing for a tax of ½ of 1% on bonds and other obligations secured by property located outside the State (and also on unsecured debt), and for exemption of the same from the annual tax on personal property. The full text of the bill will be found in V. 93, p. 204. See also V. 93, p. 893 & 969.

TAXATION OF MORTGAGES.—Mortgages now are not subject to taxation of any kind, the only charge being a recording tax of ½ of 1%. [For opinion of Attorney-General on attempt to evade this tax, see V. 95, p. 993.

CONDEMNATION OF PRIVATE PROPERTY FOR PUBLIC USE.—At the Nov. 7 1911 election the voters defeated a proposed constitutional amendment relating to the taking of private property for public use. See V. 93, p. 1679.

TAX LAW RELATIVE TO INVESTMENTS IN STATE BONDS BY SAVINGS BANKS, TRUST COMPANIES AND INSURANCE COMPANIES.—A new section (Section 187c) was added to the Tax Law by an amendment passed by the Legislature of 1907. This amendment provides that every corporation, company or association required by Section 187, 187a or 187b of Chapter 908 to pay to the State an annual tax equal to a percentage of its gross premiums, capital stock, surplus, undivided profits or undivided earnings for the privilege of exercising its corporate franchise, or carrying on its business in such corporate or organized capacity, which shall own any State bonds, shall have credited to it annually an amount equal to 1% of the par value of such bonds bearing interest at a rate not exceeding 3% annually, and owned and held in the name of such corporation, company or association. The text of this bill was given in V. 84, p. 1216.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS—The provisions of the law defining securities in which savings banks may invest their deposits are contained in Section 146 of Chapter 2 of the Consolidated Laws of 1909. We give this section in full below.

Sec. 146. *In what securities deposits may be invested.*—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as follows:

1. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interet and principal, including the bonds of the District of Columbia. [*The State Attorney-General ruled that this sub-division does not authorize savings banks to invest in the land purchase bonds of the Philippine Islands, V. 78, p. 298.*]

2. In the stocks or bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of the State.

3. In the stocks or bonds or interest-bearing obligations of any State of the United States which has not within ten years previous to making such investment by such corporation defaulted in the payment of any part of either principal or interest of any debt authorized by the Legislature of any such State to be contracted; and in the bonds or interest-bearing obligations of any State of the United States, issued in pursuance of the authority of the Legislature of such State, which have, prior to May 29 1895 been issued for the funding or settlement of any previous obligation of such State theretofore in default, and on which said funding or settlement obligation there has been no default in the payment of either principal or interest since the issuance of such funding or settlement obligation, and provided the interest on such funding or settlement obligations have been paid regularly for a period of not less than ten years next preceding such investment.

[On July 24 1909 the Attorney-General rendered an opinion to the effect that bonds of the State of Oklahoma are legal investments for savings banks under the terms of this sub-division. The right of the banks to invest in these bonds was questioned for the reason that Oklahoma had not existed as a State for ten years. The Attorney-General, however, is of the opinion that this does not prevent its bonds from fulfilling the requirements of the law so long as there has been no default within ten years on any of the obligations. V. 89, p. 298.]

[On Aug. 11 1909 the Attorney-General held that Port Commission 5% bonds of the State of Louisiana "maturing at any time between July 1 1924 and July 1 1959" were not legal investments for New York State savings banks. He calls attention to the action of Louisiana in disclaiming liability for some $900,000 of so called "baby bonds" authorized by Act 104. Laws of 1880, and by the constitution as amended in 1879. It had been argued that the "baby" bonds were invalid when put out, having been given in exchange for warrants issued between 1874 and 1879 in violation of the constitutional provision then in force which made void all appropriations or claims in excess of current revenue. As, however, the bonds were expressly authorized both by constitutional amendment and by the Act of the General Assembly above referred to the Attorney-General thought "there certainly would be grave doubt in holding that these bonds did not represent a debt 'authorized by the Legislature' of the State to be contracted." The Attorney-General also mentioned as a further ground of objection to the Port Commission bonds that they are not a direct obligation of the State of Louisiana. This view, however, is not concurred in by the United State authorities, for on Oct. 23 1911 R. P. Goodwin, Assistant Attorney-General for the Post Office Department, rendered an opinion holding that the Port Commission bonds are an obligation of the State of Louisiana, and in accordance with this advice Lee McClung, Treasurer of the United States, on March 11 1912 announced that the bonds would be accepted by his office as security for postal savings funds.]

4. In the stocks or bonds of any city, county, town or village, school district bonds and union free school district bonds issued for school purposes [poor district bonds], or in the interest- bearing obligations of any city county, town or village of this State, issued pursuant to the authority of any law of the State for the payment of which the faith and credit of the municipality issuing them are pledged. Words in brackets added by Chapter 100, Laws of 1912.

5. In the stocks or bonds of any incorporated city situated in one of the States of the United States which was admitted to Statehood prior to January 1 1896, and which, since January 1 1861, has not repudiated or defaulted in the payment of any part of the principal or interest of any debt authorized by the Legislature of any such State to be contracted, provided said city has a population, as shown by the Federal Census next preceding said investment of not less than 45,000 inhabitants, and was incorporated as a city at least twenty-five years prior to the making of said investment and has not since January 1 1878 defaulted for more than ninety days in the payment of any part either of principal or interest of any bond, note or other evidence of indebtedness, or effected any compromise of any kind with the holders thereof. But if, after such default on the part of any such State or city, the debt or security, in the payment of the principal or interest of which such default occurred, has been fully paid, refunded or compromised by the issue of new securities, then the date of the first failure to pay principal or interest, when due, upon such debt or security, shall be taken to be the date of such default within the provisions of this sub-division, and subsequent failures to pay installments of principal or interest upon such debt or security, prior to the refunding or final payment of the same, shall not be held to continue said default or to fix the time thereof within the meaning of this sub-division, at a date later than the date of said first failure in payment. If at any time the indebtedness of any such city, together with the indebtedness of any district, or other municipal corporation or subdivision except a county, which is wholly or in part included within the bounds or limits of said city, less its water debt and sinking funds, shall exceed 7% of the valuation of said city for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to 7% of the valuation for the purposes of taxation, cease to be an authorize investment for the moneys of savings banks; but the Superintendent o

Banks may [illegible] any saving bank to sell such bonds [illegible] at a price not less than the purchase price to said trustees of the [illegible] [illegible] [illegible] approved by the Attorney-General. HEMPSTEAD, TOWN.
Hempstead (inc. April 17 1784) is now in Nassau Co., but was formerly in Queens Co., then including Far Rockaway, Hempstead, Inwood, Lawrence, Rockaway Beach and Seaford villages. On Jan. 1 1898 that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantic Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the Supreme Court of the Third Judicial District at Albany Dec. 9 1899. See V. 69, p. 1357.

NEW YORK CITY. Wm. J. Gaynor, Mayor; Wm. A. Prendergast, Comp.

The consolidation provided under the Greater New York Charter became effective Jan 1 1898, and New York City now includes Kings County, Richmond County and the following portions of Queens County, namely Long Island City, the towns of Newtown, Flushing and Jamaica, and part of the town of Hempstead. The Legislature in 1912 passed a bill providing for the creation of the County of The Bronx out of what is now the Borough of The Bronx. The bill was subject to referendum of the citizens of the proposed Bronx County in November 1912 and was favorably passed upon at that time. V. 95, p. 1288. The following statement includes all of the funded debt of the former City of New York and of the municipalities in Brooklyn, Queens and Richmond which was recorded at the date of consolidation also such additional amounts as were recorded in subsequent years as being funded obligations of said former municipalities to be assumed by the City of New York. These figures do not include $2,007,600 revenue bonds of the former City of New York outstanding Jan. 1 1898 and redeemable from its tax levy of 1897 nor $4,060,000 of revenue bonds or certificates of indebtedness of the former city of Brooklyn outstanding Jan. 1 1898, but redeemable from its tax levy for the year 1898.

The following table shows the assessed valuation of property in the consolidated city for the year 1912. In 1903 the assessment of real estate was made on the basis of about real value; 1903 and subsequent values, therefore, are greatly in excess of those for previous years, and consequently the tax rate is much lower.

[illegible] was passed in the 1911 Legislature, the collection of taxes takes place semi-annually instead of annually, as heretofore. V. 93, p. 63.]

TAX VALUE OF BONDS.—Under the provisions of the city charter, registered bonds may be issued in denominations of $10 or any multiple thereof.

EXEMPTION FROM TAXATION.—Section 8, Article 1, General Municipal Law, Consolidated Laws of 1909, provides that "all bonds of a municipal corporation, until payable, shall be exempt from taxation for town, county, municipal or State purposes."

LIMIT OF DEBT.—At the general election in Nov. 1909 the voters passed on a constitutional amendment which permits the city, in ascertaining its borrowing capacity, to exclude bonds heretofore issued for any rapid transit or dock investment, as well as bonds hereafter issued for a public improvement which provides a revenue in excess of the interest and amortization charges. The rapid transit and dock bonds may be excluded only in proportion to the extent to which the current net revenues received from these improvements shall meet the interest and amortization charges. See the amendment in full under general remarks for New York State.

ISSUANCE OF SHORT-TIME NOTES IN ANTICIPATION OF SALE OF CORPORATE STOCK.—A law was passed in 1911 authorizing the City Comptroller to issue short-term notes to provide funds pending the sale of corporate stock. See V. 92, p. 1577.

ISSUANCE OF CORPORATE STOCK IN FOREIGN CURRENCY.—The 1911 Legislature also passed a bill permitting the City Comptroller to make corporate stock payable in the currency of foreign countries. See V. 93, p. 63.

GENERAL FUND BONDS.—A new kind of bond (known as the "General Fund Bonds") was created by the Legislature in 1903. It is issued for the purpose of releasing the surplus revenues of the sinking fund of the old City of New York, and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund for redemption of the city debt No. 1. See V. 76, p. 610. Up to Sept. 30 1912 $125,000,000 of these bonds had been issued.

APPROPRIATIONS.—The total appropriations for Greater New York in 1898 was $77,473,084.77; in 1899 it was $93,520,082.03; in 1900 it was $90,778,972.48; for 1901 it was $98,100,413.43; for 1902 it was $98,619,600.88; for 1903, $97,119,031.10; for 1904, $106,674,955.09; for 1905, $109,817,593.03; for 1906, $116,805,490.37; for 1907, $130,421,50[illegible]56; for 1908, $143,572,266.17; for 1909, $156,545,148.14; for 1910, $163,130,270; for 1911, $173,967,835; for 1912, $181,090,657, and for 1913, $193,047,246.

POPULATION.—The population of Greater New York, according to the U. S. Census of 1900, was 3,437,202, and according to that of 1910, 4,766,883. Health Department estimates '11 $4,983,385; '12 $5,173,604.

DETAILS OF INDEBTEDNESS.

The tables which follow give full details regarding the indebtedness of the consolidated city and the various boroughs and other divisions forming part of it. We show first the bond issues made since the Greater New York Charter went into effect. Then we add statements reporting at length the indebtedness of the separate boroughs; all the districts, towns and other divisions being in each case grouped under the borough to which they belong.

OLD CITY OF BROOKLYN.

The old city of Brooklyn covered the entire area of the county of Kings, the county government being consolidated with that of the city on Jan. 1 1896 under the provisions of Chapter 954 of the Laws of 1895. Under the provisions of this Act, "the debt of the said county shall not be deemed to be, or be included as, a part of the debt of the City of Brooklyn, within the meaning of the provision of the constitution of the State of New York limiting the power of cities to incur indebtedness." (See "Chronicle," Vol. 62, p. 49.) The towns of Flatbush, New Utrecht and Gravesend were annexed to the City of Brooklyn in 1894 and the town of Flatlands became a ward of the city on the first day of January 1896.

COUNTY OF QUEENS.

The debt of the county of Queens is reported under the county's own name on a subsequent page; the amount of the original debt which was chargeable to the City of New York was adjudicated finally to be $3,796,032 11, leaving $1,011,967 89 as Nassau County's share of the old indebtedness. Instead of apportioning certain bonds to N. Y. City and to Nassau County, the debt and interest is not divided, but N. Y. City pays .789524493 of the principal and interest as it becomes due, and Nassau County .2147585027. The Comptroller of N. Y. City acts as agent in the payment of the debt. The amount of Queens County bonds outstanding on Sept. 30 1912 was $4,428,000, of which $3,496,013 was chargeable to New York City.

QUEENS COUNTY.

County seat is Long Island City. A good part of the old County of Queens is now included in the Greater New York, and a law changing the name of that portion of the old county *outside* of Greater New York to Nassau County went into effect Jan. 1 1899. The amount of outstanding bonds of this county which will be chargeable to the City of New York has been finally determined by the Supreme Court (V. 71, p. 875). Under this decision the City of NewYork was made liable for $3,796,032.11 of the old debt of Queens County as it stood at the date of division, and the remaining $1,011,967.89 became an obligation of Nassau County. Instead of apportioning certain bonds to New York City and to Nassau County, the debt and interest is not divided. New York City pays .78952414973 of the principal and int. as it becomes due and Nassau Co. .21047585027. The Comptroller of New York City acts as agent in the payment of the debt.

The statement below shows the obligations of the old County of Queens which remained outstanding on Sept. 30 1912.
